Project Based Learning and Internship

By

**Mr. Nitin Sharma, PandeG, Hyderabad
and**

Mr. Nikhilesh Gangade, IBM, Pune

Academic Year 2018-19

**Department of Computer Science & Engineering,
Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana**

Title of Activity	Project Based Learning and Internship
Speaker	Mr. Nitin Sharma, PandeG, Hyderabad Mr. Nikhilesh Gangade, IBM, Pune
Organizer	CSE Department
Schedule of Activity	19 th and 20 th Jan 2019
Time	11 am to 5 pm
Objective of Activity	<ol style="list-style-type: none"> 1. To integrate technology into the learning process. 2. To identify emerging technologies and skills in demand to facilitate continuous learning. 3. To understand the interconnectedness of global challenges. 4. To develop entrepreneurial skills such as creativity, risk-taking, and innovation.
Venue	B1 Classroom
No. of Beneficiaries	71 Students

Brief Introduction of Resource Person:

Mr. Nitin Sharma, he is CEO of PandeG Hyderabad and Mr. Nikhilesh Gangade is from IBM, Pune. Mr. Nitin Sharma and Mr. Nikhilesh Gangade has organized many sessions regarding project based learning and internship opportunities to the students.

Program Overview:

This program brings the expertise of industry professionals directly into the academic environment, offering students valuable insights, practical knowledge, and a glimpse into the real-world applications of their studies.

The resource person has thrown light on;

1. To bridge the gap between theoretical knowledge and practical application
2. To work on projects in teams helps students develop effective communication skills, learn to share responsibilities, and appreciate diverse perspectives.
3. To promotes collaboration among students.
4. To encourages the development of critical thinking and problem-solving skills
5. To expose students to the day-to-day operations of a particular industry.

Program Outcomes: -

After the successful completion of a webinar, the participant will be able

1. To enhanced critical thinking and problem-solving abilities through the exploration.
2. To improved teamwork and communication skills as students work together on projects.
3. To developed time management skills and the ability to plan and organize work to meet project deadlines.
4. To enhanced awareness of industry culture, norms, and expectations.
5. To resolution of complex, open-ended problems.

Title of Activity	Recent Trends & Demands in IT Industry
Speaker	Mr. Yogesh Lad, L&T InfoTech, Pune Mr. Nakul Deshmukh & Mr. Sagar Ingle, iBase Technologies Pvt. Ltd, Amravati
Organizer	CSE Department
Schedule of Activity	19 th and 20 th Jan 2019
Time	11 am to 5 pm
Objective of Activity	<ol style="list-style-type: none"> 1. To understand how recent trends impact business strategies, enabling organizations to adapt. 2. To identify emerging technologies and skills in demand to facilitate continuous learning. 3. To explore recent trends to identify opportunities for innovation. 4. To understand potential challenges and risks associated with emerging technologies
Venue	B1 Classroom
No. of Beneficiaries	120 Students

Brief Introduction of Resource Person:

Mr. Yogesh Lad, he is senior software engineers in L&T InfoTech, Pune and Mr. Nakul Deshmukh & Mr. Sagar Ingle, working in iBase Technologies Pvt. Ltd, Amravati.

Program Overview:

This program brings IT industry latest trends and demands, as AI and ML are driving innovations in areas such as predictive analytics, natural language processing, and automation, transforming the way businesses operate.

The resource person has thrown light on;

1. Demand for professionals skilled in AI and ML are high, need study of these technologies for data analysis, automation, and predictive modeling.
2. To increase growth of the Internet of Things has led to a demand for specialists who can

design, implement, and secure IoT solutions.

3. With increased cloud adoption, there's a demand for professionals who can design, implement, and manage cloud infrastructure and services.
4. To encourage the development of problem-solving skills.

Program Outcomes: -

After the successful completion of a webinar, the participant will be able;

1. To gained a better understanding of the latest trends shaping the IT industry.
2. To received insights into the specific skills and expertise currently in high demand within the IT job market.
3. To provided valuable guidance on career paths within the IT sector.
4. To gained practical insights on how to apply the knowledge gained in real-world scenarios.

Guest Lecture on

Mobile Forensics

By

**Mr. Rizwan Ahmed, CEO,
delaPlex Softwares, Nagpur**

Academic Year 2018-19

**Department of Computer Science & Engineering,
Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana**

Title of Activity	Mobile Forensics
Speaker	Mr. Rizwan Ahmed, CEO, delaPlex Softwares, Nagpur.
Organizer	CSE Department
Schedule of Activity	15th Feb 2019
Time	11 am to 5 pm
Objective of Activity	<ol style="list-style-type: none"> 1. To provide understanding of the fundamental concepts and principles of mobile forensics. 2. To introduce the tools and techniques commonly used in mobile forensics. 3. To give understanding of methods for data recovery and acquisition from mobile devices. 4. To understand potential challenges and risks associated with emerging technologies.
Venue	B1 Classroom
No. of Beneficiaries	110 Students

Brief Introduction of Resource Person:

Mr. Rizwan Ahmed, he is CEO of delaPlex Softwares, Nagpur. He has organized many sessions on mobile forensics.

Program Overview:

This program combines theoretical concepts with practical exercises, enabling participants to navigate the complexities of mobile operating systems, extract digital evidence, and adhere to legal and ethical considerations.

The resource person has thrown light on;

1. Overview of digital forensics and its relevance in the context of mobile devices.
2. To understanding of commonly used mobile forensics tools.
3. To use of techniques for data recovery from mobile devices, including deleted data.
4. To understanding how mobile devices interact with networks.
5. Real-world case studies demonstrating the application of mobile forensics.

Program Outcomes: -

After the successful completion of a webinar, the participant will be able;

1. To ensures the preservation of digital evidence on mobile devices in a forensically sound manner.
2. To enables the recovery and reconstruction of deleted or damaged data.
3. To assess vulnerabilities in mobile devices and prevent potential data breaches.
4. To provides intelligence agencies with tools to analyze mobile communications.

Project Development: PHP, Data Analytics & Android

By

Mr. Kamal Rastogi,
i-tech Solutions, New Delhi

Academic Year 2018-19

Department of Computer Science & Engineering,
Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana

Title of Activity	Project Development: PHP, Data Analytics & Android
Speaker	Mr. Kamal Rastogi, i-tech Solutions, New Delhi
Organizer	CSE Department
Schedule of Activity	14th Aug 2018
Time	1.15 pm to 5 pm
Objective of Activity	<ol style="list-style-type: none"> 1. To set measurable, achievable, and time-bound goals for the project. 2. To develop a comprehensive project plan that outlines tasks, timelines, resource requirements, and dependencies. 3. To encourage a culture of continuous improvement throughout the project development process. 4. To facilitate the transfer of knowledge from the project team to end-users.
Venue	B1 Classroom
No. of Beneficiaries	44 Students

Brief Introduction of Resource Person:

Mr. Kamal Rastogi, i-tech Solutions, New Delhi. He has expertise in project development involves project resources, timelines, and stakeholder collaboration to deliver successful outcomes.

Program Overview:

The Program on Project Development is designed to equip participants with the skills and knowledge needed to successfully initiate, plan, execute, monitor, and close projects. Participants will gain expertise in project management methodologies, tools, and best practices, ensuring they can lead projects to successful completion within scope, time, and budget constraints.

The resource person has thrown light on;

1. To understanding the project life cycle.
2. To identify and allocate project resources.
3. To implement project monitoring tools and techniques.
4. To collaborate with peers in workshops to solve project management challenges.

Program Outcomes: -

After the successful completion of a webinar, the participant will be able;

1. To provide opportunities for team members to develop their skills, collaborate effectively, and gain experience in managing projects.
2. To make sure that project outcomes align with the broader strategic goals and objectives of the organization.
3. To builds confidence and trust with clients and stakeholders.
4. To improve open communication channels among team members, stakeholders, and project managers, facilitating effective collaboration and problem resolution.

“Need of Electronics in Industry”

By

**Sanjay.V Choudhary, Electronic
Study Center, Nashik**

Academic Year 2018-19

EXTC Department

**Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana**

Title of Activity	Need of Electronics in Industry
Speaker	Sanjay.V Choudhary, Electronic Study Center, Nashik
Organizer	Electronics and Telecommunication Engineering Department
Schedule of Activity	17th March 2019
Time	11.00 am to 5.00 pm
Objective of Activity	<p>The objectives of a workshop is designed to provide a comprehensive understanding of the industry's requirements and the role of electronics</p> <p>Here are some key objectives</p> <p>Familiarize students with the broad scope of industrial electronics, including its applications, challenges, and significance in various industries.</p> <p>Provide insights into current trends and developments in the electronics industry, emphasizing how these trends impact the demands for electronics professionals. Subject-specific Guidance,</p> <p>Discuss the importance of embedded systems in industrial applications, elucidating how they contribute to real-time monitoring, control, and data acquisition.</p> <p>Explore how electronics is integrated into manufacturing processes, including robotics, PLCs (Programmable Logic Controllers), and other automation technologies. Interview Preparation.</p> <p>Identify the specific skills and competencies that electronics engineers need to excel in an industrial setting, including programming languages, hardware design, and troubleshooting abilities.</p>
Venue	Seminar Hall
No. of Beneficiaries	86 Students

Program Overview:

On 17th March 2019, an enlightening workshop titled "Need of Electronics in Industry" was conducted at [insert venue] for electronics engineering students. The workshop, facilitated by the esteemed Mr. Sanjay Choudhary, aimed to provide students with insights into the critical role of electronics in various industries.

Attendees were introduced to the objectives of the workshop, emphasizing the importance of electronics in industrial applications.

Mr. Choudhary provided a comprehensive overview of industrial electronics, outlining its scope, applications, and its transformative impact on industrial processes. The workshop delved into the latest trends and developments in the electronics industry, shedding light on how these trends shape the requirements for electronics professionals in the workforce. Mr. Choudhary discussed the significance of embedded systems in industrial applications, highlighting their role in real-time monitoring, control, and data acquisition.

Hands-on interactive demonstrations and workshops were conducted to allow students to apply theoretical knowledge in practical scenarios, enhancing their understanding of industrial electronics.

Learning Outcomes:

Students gained a deeper understanding of the critical role electronics play in various industries, from manufacturing to smart technologies.

The workshop increased awareness of current industry trends, making students more cognizant of the skills and knowledge required for success in the electronics industry.

Hands-on demonstrations allowed students to practically apply theoretical knowledge, bridging the gap between academic concepts and real-world scenarios.

The workshop inspired students to think innovatively and consider the broader impact of electronics in driving innovation within industrial settings.

The Principal,
SSGMCE, Shegaon

Subject: Permission to conduct a three days workshop on "Need of Electronics in Industry"

Hon'ble Sir,

Electronics and Telecommunication Department wish to organize a three days workshop on "**Need of Electronics in Industry**" for EXTC students during **11th to 13th April, 2019**. Mr. Sanjay Choudhary, Electronic Study Center, Nashik will be the resource person for above said workshop. We hope this workshop will help students to get basic knowledge of Electronics, Devices and Circuits.

The detail about workshop is as follow:

Workshop Name	Fees	Dates	Targeted Students
"Need of Electronics in Industry"	Rs 1000/- per student	11 th to 13 th April, 2019	All 2 nd year EXTC students

We request you to permit us for the conduction of this workshop.

Thanking you,

Yours Faithfully,

Prof. D.P. Tulaskar
Workshop Coordinator

Dr. G. S. Gawande
Head, EXTC Department

KodCEXTC
Permitted for PR

Guest Lecture on

“Career Guidance & Motivation”

By

**Ved Jahagirdar (Assistance General Manager)
SCODA, Aurangabad**

Academic Year 2018-19

Department of Electrical Engineering

**Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana**

Title of Activity	Guest Lecture on Career Guidance & Motivation
Speaker	Ved Jahagirdar (Assistance General Manager) SCODA, Aurangabad
Organizer	Electrical Engineering Department, SSGMCE Shegaon
Schedule of Activity	28-02-2019
Time	11.00 am to 1.00 pm
Objective of Activity	<p>The primary objective is to provide students with a comprehensive understanding of career options, equip them with practical skills, and inspire them to embark on a successful and fulfilling career journey.</p> <p>Here are some key objectives for such a webinar:</p> <ul style="list-style-type: none"> To introduce students to a variety of career options and help them explore different industries, roles, and professional paths. To motivate and inspire participants by sharing success stories, personal experiences, and lessons learned in the speaker's career journey To offer information on different educational paths, certifications, and qualifications that can contribute to career growth and development To discuss the importance of resilience, adaptability, and continuous learning in navigating a dynamic and evolving professional landscape. To provide guidance on professional etiquette, workplace behavior, and effective communication skills essential for career success.
Venue	A2 Class room (Electrical Engineering Department)
No. of Beneficiaries	65 Students

Program Overview:

On 28-02-2019, a highly insightful and motivational Guest Lecture on Career Guidance was conducted. The distinguished guest speaker for the session was Mr. Ved Jahagirdar, Assistant General Manager at SCODA, Aurangabad. The lecture aimed to provide valuable insights, guidance, and motivation to the students present.

Mr. Jahagirdar initiated the session by shedding light on various career options available to students in today's dynamic job market. He emphasized the importance of exploring one's interests and passions. The speaker shared personal anecdotes and experiences from his career journey, providing real-world examples of challenges faced and lessons learned. Mr. Jahagirdar stressed the significance of acquiring both technical and soft skills. He provided insights into the skills highly valued by employers in the industry. An interactive Q&A session allowed students to directly engage with Mr. Jahagirdar, seeking personalized advice and clarification on various career-related queries.

Learning Outcomes:

Students gained a deeper understanding of various career options, industries, and potential pathways, enabling them to make more informed choices about their future careers.

The motivational insights shared by Mr. Jahagirdar inspired students to set ambitious career goals, fostering a sense of determination and resilience in the face of challenges.

The emphasis on both technical and soft skills highlighted the importance of continuous skill development, empowering students to become well-rounded professionals.

Students learned how important it is to connect with others and stay updated on what's happening in their chosen field. This knowledge sets the groundwork for taking an active role in their careers.

Guest Lecture on

“IoT in Mechanical Engineering”

By

Chaitanya Dhareshwar
(Director Infinity Beam US)

Academic Year 2018-19

Department of Electrical Engineering

Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana

Title of Activity	Guest Lecture on IoT in Mechanical Engineering
Speaker	Chaitanya Dhareshwar (Director Infinity Beam US)
Organizer	Mechanical Engineering Department, SSGMCE Shegaon
Schedule of Activity	09-01-2019
Time	2.15 pm to 4.15 pm
Objective of Activity	<p>The primary objective is to provide students with a comprehensive understanding of IoT's applications in mechanical engineering, its impact on industry practices, and the skills needed for future career opportunities.</p> <p>Here are some key objectives for such a webinar:</p> <ul style="list-style-type: none"> To familiarize students with the basic concepts and applications of IoT within the context of mechanical engineering. To explore how IoT is transforming traditional manufacturing processes, introducing the concept of smart factories and Industry 4.0 To explain how sensors and IoT-enabled devices are integrated into mechanical systems to collect real-time data for analysis and decision-making. To provide insights into the emerging career opportunities for mechanical engineers in the field of IoT, emphasizing the relevance of acquiring IoT-related skills. To inspire students to think innovatively by showcasing how IoT opens avenues for creating new and improved mechanical systems and devices.
Venue	Seminar Hall (Mechanical Engineering Department)
No. of Beneficiaries	84 Students

Program Overview:

On 09-01-2019, On [insert date], an insightful Guest Lecture on IoT in Mechanical Engineering was organized for students at [insert venue]. The distinguished guest speaker for the session was Mr. Chaitanya Dhareshwar, Director at Infinity Beam US. The aim of the lecture was to provide students with valuable insights into the applications and advancements of IoT in the field of mechanical engineering.

Mr. Dhareshwar provided a comprehensive introduction to the fundamentals of IoT and its specific applications within the domain of mechanical engineering. The presentation laid the groundwork for a deeper understanding.

The guest speaker delved into the transformative impact of IoT on manufacturing processes, emphasizing the evolution towards smart factories and Industry 4.0. Real-world examples were shared to illustrate these concepts.

Mr. Dhareshwar highlighted the crucial role of data analytics in extracting meaningful insights from IoT-generated data. Students gained insights into how data-driven decision-making enhances the performance of mechanical systems

Real-world applications of IoT in predictive maintenance were showcased, demonstrating how it prevents breakdowns, reduces downtime, and prolongs the lifespan of mechanical systems.

Learning Outcomes:

Students gained a deeper comprehension of the fundamentals of IoT and how it is specifically applied in the context of mechanical engineering.

Increased awareness of the transformative impact of IoT on manufacturing processes, including the evolution towards smart factories and Industry 4.0.

Students acquired practical knowledge and examples of how sensors and IoT-enabled devices are seamlessly integrated into mechanical systems for efficient data collection.

Exposure to real-world applications inspired students to think innovatively and consider the possibilities of integrating IoT technologies into their future projects and career paths.

Students were introduced to the evolving job market and the myriad career opportunities available in IoT for mechanical engineers, along with guidance on acquiring relevant skills.

Schedule of Activity	30-07-2018
Time	3.15 pm to 6.00 pm
Objective of Activity	<p>The primary objective is to provide students with the knowledge, skills, and motivation to pursue careers in energy audit and management while fostering a proactive and innovative mindset within the field of mechanical engineering.</p> <p>Here are some key objectives for such a webinar:</p> <ul style="list-style-type: none"> To familiarize students with the fundamental concepts of energy audit and management, emphasizing their relevance in the field of mechanical engineering. To provide insights into how energy is consumed in various mechanical systems, covering aspects such as heating, ventilation, air conditioning (HVAC), and manufacturing processes. To communicate the significance of energy efficiency in today's context, considering environmental sustainability, cost savings, and compliance with energy regulations. To introduce students to the techniques and tools used in energy audits, such as energy balance, thermography, and data analysis, highlighting their practical applications. To motivate students to consider further education and training in the field of energy audit and management, showcasing the potential for specialized careers.
Venue	Seminar Hall (Mechanical Engineering Department)
No. of Beneficiaries	84 Students

Program Overview:

Mr. Ajit Kumar Datar, an experienced Energy Auditor, shared his extensive knowledge and practical expertise with the attendees. With a proven track record in the field, Mr. Datar brought a wealth of real-world insights to the discussion.

The program commenced with a warm welcome extended to Mr. Ajit Kumar Datar. Attendees were introduced to the objectives of the lecture, emphasizing the

significance of energy audit and management in the context of mechanical engineering. Mr. Datar provided a comprehensive introduction to the foundational principles of energy audit and management. The lecture aimed to elucidate the importance of these concepts in the broader context of sustainable engineering practices. The lecture delved into the intricacies of energy consumption within various mechanical systems. Practical examples and case studies were shared to enhance students' understanding of the practical applications of energy audit. Mr. Datar underscored the critical importance of energy efficiency, connecting it to environmental sustainability, cost-effectiveness, and the growing demand for energy-conscious practices in the industry. The lecture explored the integration of renewable energy sources into mechanical systems. Mr. Datar shared practical examples, highlighting the role of mechanical engineers in promoting sustainable and renewable energy practices.

Learning Outcomes:

Students gained a deeper understanding of the fundamental principles of energy audit and management, laying the groundwork for informed decision-making in their future careers.

The lecture provided practical insights into energy consumption within various mechanical systems, allowing students to connect theoretical knowledge with real-world applications.

Exposure to techniques and tools used in energy audits equipped students with a foundational understanding of the methodologies employed in the field of energy audit and management.

Students gained knowledge of energy-related regulations and standards, ensuring awareness of the legal and compliance aspects associated with energy management in mechanical engineering.

A Webinar on

“Perceptions about ways of a successful career”

By

**Mr. Rajiv Jawale,
HR Manager at Kalash Seeds
Pvt. Ltd. Jalna**

Academic Year 2018-19

MBA

Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana

Title of Activity	Perceptions about ways of a successful career
Speaker	Mr. Rajiv Jawale, HR Manager at Kalash Seeds Pvt. Ltd. Jalna
Organizer	DEPARTMENT OF BUSINESS ADMINISTRATION AND RESEARCH, SSGMCE
Schedule of Activity	8th October 2018
Time	11.00 am to 1.00 pm
Objective of Activity	<p>The objective was to provide students with insights into diverse career perceptions, essential skills, and industry expectations</p> <p>Here are some key objectives for such a webinar:</p> <p>To gain insights into the evolving definition of success in the contemporary business world. Strategic Preparation,</p> <p>To Identify key factors contributing to career success in the context of the current job market. Mock Tests and Practice,</p> <p>To Analyze common perceptions and misconceptions about building a successful career.</p> <p>To bridge the gap between idealized notions of success and the practical realities faced by professionals.</p> <p>To showcase examples of individuals who have successfully adapted to changing industry requirements through lifelong learning.</p> <p>To highlight the significance of personal branding in career progression.</p>
Venue	Seminar Hall
No. of Beneficiaries	72

Program Overview:

The seminar on "Perceptions about Ways of a Successful Career," featuring Mr. Rajiv Jawale, HR Manager at Kalash Seeds Pvt. Ltd. Jalna, was conducted on 8th October 2018 for MBA students.

Mr. Jawale opened the seminar by exploring various definitions of success in a professional career, acknowledging that success is subjective and personal. The seminar emphasized the importance of identifying and developing key skills and competencies critical for success in a dynamic job market. Practical strategies for effective career planning and goal-setting were discussed, aligning personal aspirations with professional growth. Mr. Jawale shared valuable insights from his experience at Kalash Seeds Pvt. Ltd., offering students a real-world perspective on industry expectations. Practical tips were provided for crafting effective resumes, and strategies for succeeding in job interviews were discussed.

Learning Outcomes:

Students acquired insights into the essential skills and competencies necessary for success in the dynamic and competitive job market. Emphasis was placed on continuous learning and adaptability as crucial components of a successful career.

Students gained a understanding of the diverse perceptions and definitions of success in a professional career, recognizing that success is a subjective and multifaceted concept.

Students were enlightened about specific employability skills highly valued in the corporate sector.

“Career Opportunities in SBI Life Insurance”

By

Mr. Vinod Dubey

(SBI Branch Manager Shegaon)

Academic Year 2018-2019

MBA

Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana

Title of Activity	Career Opportunities in SBI Life Insurance
Speaker	Mr. Vinod Dubey (SBI Branch Manager Shegaon)
Organizer	DEPARTMENT OF BUSINESS ADMINISTRATION AND RESEARCH, SSGMCE
Schedule of Activity	25th October 2018
Time	11.00 am to 1.00 pm
Objective of Activity	<p>The objective was to enlighten students about potential career paths within SBI Life Insurance and to provide insights into the insurance industry.</p> <p>Here are some key objectives for Guest lecture :</p> <p>To provide MBA students with a comprehensive overview of SBI Life Insurance, its mission, values, and its standing in the insurance industry.</p> <p>To familiarize students with the dynamics of the insurance sector, including its role in the financial services industry and its significance in risk management.</p> <p>To highlight the diverse career pathways available within SBI Life Insurance, ranging from sales and marketing to operations, underwriting, and risk management.</p> <p>To highlight the diverse career pathways available within SBI Life Insurance, ranging from sales and marketing to operations, underwriting, and risk management.</p> <p>To showcase specific opportunities available for MBA graduates within SBI Life Insurance, emphasizing roles that align with their academic backgrounds and professional aspirations.</p> <p>To provide insights into the work culture at SBI Life Insurance, emphasizing values, ethics, and the overall environment those employees can expect.</p>
Venue	Seminar Hall
No. of Beneficiaries	72

Program Overview:

A seminar on "Career Opportunities in SBI Life Insurance" was conducted on [Date] for MBA students. The distinguished speaker for the event was Mr. Vinod Dubey, SBI Branch Manager in Shegaon. Mr. Dubey commenced the seminar by delivering a comprehensive overview of SBI

Life Insurance. He highlighted the company's mission, values, and its significant standing in the Insurance sector. Mr. Dubey underscored the essential skills and competencies required for success within SBI Life Insurance. This included communication skills, analytical abilities, and a customer-centric approach. Emphasis was placed on roles aligning with the students' academic backgrounds.

Learning Outcomes:

Students gained an enhanced understanding of SBI Life Insurance, its values, and its position in the insurance sector.

The seminar empowered students with information to make informed career choices within the insurance industry, especially within SBI Life Insurance.

Students received practical insights into the skills, competencies, and strategies needed for success in the insurance sector.
