### **BEST PRACTICES:**

The Institute has a good number of unique and constructive practices that have been nurtured with a concrete thought process. Institutional Scholarship Provision, Industry-Academia Connect, Solar Unit, Cleanliness and Hygiene, Spiritual Touch, Rendering Universal Prayer, Ana-paan Meditation, Incubation Centre, Electric Vehicles Unit, and Entrepreneurship Development Cell are the core of these practices. We feel that the below mentioned two practices are the best of these:

- A. Financial Support to students**
- B. Industry -Academia Synergy**

1) **Title of the Practice-I - Financial Support to Students**

2) **Objectives of the Practice :**

- **Promoting Access to Education:** To offer financial aid to students facing economic hardships, ensuring that financial limitations do not obstruct their educational aspirations.
- **Promoting Academic Excellence and Personal Growth:** To cultivate a culture of achievement and healthy competition among students, inspiring them to excel academically and in various pursuits.
- **Recognizing Academic and Extracurricular Excellence:** To acknowledge students who showcase remarkable academic accomplishments alongside outstanding achievements in extracurricular pursuits.
- **Fostering Social Responsibility and Civic Engagement:** To nurture a sense of social responsibility among beneficiaries, and creating a mind-set that places importance on contributing positively to society.

### 3) The Context:

Our institution is deeply committed to creating an inclusive environment where every student has the opportunity to not only pursue their educational aspirations but also thrive in all aspects of their lives. To achieve this overarching goal, we have identified and established four core objectives that serve as guiding principles for our actions and initiatives.

- Recognizing the significance of providing financial aid to students facing economic hardships, we ensure that financial barriers do not hinder any student's educational journey. By offering tailored financial aid programs, we alleviate the burden of financial constraints and empower students to focus on their studies without worry.
- We foster an environment that encourages academic excellence and personal growth. Through various academic and extracurricular activities, we inspire students to excel in their studies, explore their interests, and develop their talents to their fullest potential.
- We believe in recognizing and celebrating students who demonstrate exceptional achievements, both academically and in extracurricular endeavors. By fostering a culture of recognition and celebration, we create a supportive environment where every student feels valued and appreciated for their contributions.
- We instill in our students a sense of social responsibility and civic engagement, emphasizing the importance of giving back to the community and being socially responsible citizens. Through our efforts, we aim to cultivate empathy, compassion, and altruism in our students, empowering them to become agents of positive change in the world.

Aligned with our motto "Sarve Bhavantu Sukhinah" ("Let all be happy"), our institution implements proactive measures to support students in need through a dedicated financial aid committee. With grants and need-based aid, alongside a financial aid fund fueled by generous community contributions, we ensure that every student has the opportunity to thrive

academically, personally, and contribute meaningfully to the community. This commitment reflects our dedication to promoting the happiness and growth of every individual within our institution.

#### **4) The Practice**

In response to the escalating financial obstacles in professional education, our Institute has proactively implemented comprehensive measures to alleviate the burden for deserving students, prioritizing merit as the basis for assistance. During the induction program, students are thoroughly briefed on the dedicated financial support team and its transparent procedures, ensuring accessibility and clarity through campus-wide notice board announcements.

Our meticulous process involves a thorough review of applications, with stringent verification of financial circumstances to ensure equitable distribution of scholarships. Merit-based scholarships, attainable for students achieving over 65% in university exams, are facilitated by our scholarship fund, generously fueled by contributions from donors. Interest from this fund is channeled back to the students based on the criteria set by the benefactors, further incentivizing academic excellence.

Additionally, we incentivize participation in the GATE examination by rewarding valid scores and commend industry-driven projects through prizes endorsed by departmental evaluation committees. For students facing financial constraints, waivers for hostel and mess charges are granted post-verification and management approval, ensuring their uninterrupted pursuit of education.

Moreover, our commitment extends to holistic student development, exemplified by our sports department's annual sports week, offering cash prizes to participants achieving color coats in sports and cultural activities. These initiatives underscore our dedication to fostering an environment where students thrive both academically and financially, ensuring equal opportunities for all.

Our institution's proactive approach has yielded several positive outcomes for our student community. Firstly, the provision of financial aid has significantly increased student retention rates, allowing students to continue their studies without the burden of financial constraints. Secondly, financial assistance has empowered students to compete more effectively, both

academically and in technical and professional competitions, enhancing their overall competitiveness. Thirdly, increased participation in technical competitions and activities organized by professional bodies has been observed, contributing to students' growth and exposure in their respective fields. Furthermore, improved performances in cultural contests have been noted, showcasing the well-rounded development of students beyond academics. Additionally, students have exhibited better performance in sports and competitive examinations, reflecting the positive impact of financial aid on their overall well-being.

Furthermore, many students who have benefited from the scholarship support have successfully completed their studies and secured placements in reputable companies. This underscores the critical role of financial assistance in preventing education discontinuation and facilitating career advancement.

Moreover, the practice of awarding merit scholarships fosters a competitive spirit among students, recognizing their achievements not only in academics but also in extracurricular and co-curricular activities. This approach cultivates a culture of excellence and accomplishment, contributing to students' character development and future success.

#### **5) Evidence of Success:**

The institutional financial support has yielded numerous positive outcomes for our student community:

- **Enhanced Retention:** By alleviating financial constraints, the support has led to higher student retention rates, allowing students to continue their studies without interruption.

The principal,  
SSGMCE Shegaon - 444203

Date: 13-11-2021

Subject: Through HOD (electronics and telecommunication engineering department) for granting permission of hostel and mess facility.

Respected Sir,

I am Om Nalamwar studying in your college pursuing B.E. 3rd year (electronics and telecommunication engineering, 3V2). In this corona crisis my Grandmother~~s~~ went away. I don't have mother and father. I was living with grandmother, now the full responsibility comes in my hand for my education and career.

I hope you will understand the situation and grant me permission for hostel and mess.

Thanking you!

Yours faithfully &  
Om Nalamwar

Furthermore, many students who have benefited from the financial support have successfully completed their studies and secured placements in reputable companies. This underscores the critical role of financial assistance in preventing education discontinuation and facilitating career advancement.

The institute granted a fee waiver to Om Nalamwar, who faced significant financial hardship. With this support, Om was able to complete his education and subsequently landed a job at TCS. This exemplifies the institute's commitment to ensuring that students from all financial backgrounds have the opportunity to pursue their academic and career aspirations.

Moreover, the practice of awarding merit scholarships fosters a competitive spirit among students, recognizing their achievements not only in academics but also in extracurricular and co-curricular activities. This approach cultivates a culture of excellence and accomplishment, contributing to students' character development and future success.

**6) Problems Encountered and Resources Required:**

- **Financial Need Verification:** Ensuring thorough and equitable assessment of applicants' financial backgrounds to determine eligibility for aid.
- **Continued Institutional Scholarship Support:** Sustaining the effectiveness and continuity of this initiative to offer ongoing assistance to students in need.
- **Motivation of Financially Challenged Students:** Inspiring students facing financial difficulties to persist in their education and utilize available support.

Our institution remains steadfast in its commitment to aiding economically disadvantaged students, facilitating their pursuit of higher education aspirations. This endeavor is a collaborative endeavor, engaging staff, alumni, and institutional management.

This practice serves as a foundation for instilling ethical values among stakeholders, with all parties dedicated to its enduring operation. Applications undergo meticulous scrutiny by a committee comprising the Principal, Coordinator, senior faculty from each department, class counselors, and Heads of Departments (HODs). This collective and structured approach ensures financial aid reaches those in genuine need.

# SHRI SANT GAJANAN MAHARAJ COLLEGE OF ENGINEERING, SHEGAON

## Scholarship Committee – 2022-23

### REPORT

The committee has worked out on various aspects of scholarships and awards to students, such as merit scholarship, donor's scholarship, award to GATE scorer, award to best project etc.

#### Recommendations of scholarship committee

##### 1) Merit Scholarship:

Class and Branch wise lists of students having scored marks 65% and above, in Winter-2020 and Summer-2021 examination were prepared. The merit scholarships to these students were recommended as per following criteria.

Branch	Students' Eligibility	Amount per stud. in Rs.
BE Electrical Engineering, BE Mechanical Engineering, BE Computer Science & Engg, BE Information Technology MBA (w.e.f :2011-12)	First Five students in each class (as per merit list)	1500/-
	Next Five students in each class (as per merit list)	1000/-
BE Electronics & Telecommunication Engineering	First Ten students in each class (as per merit list)	1500/-
	Next Ten students in each class (as per merit list)	1000/-

##### 2) Donor's Scholarship:

The college has raised a scholarship fund for meritorious, hardworking and deserving students. Well-wishers of the college have kindly deposited lump sum amount in this fund. The interest on this fund is distributed as scholarship to the students fulfilling the criteria stated by the donor.

##### 3) Award to GATE Scorer:

In order to motivate the students to appear for GATE, the college has decided to give prizes to students having valid GATE score.

The recommendation about amount of awards to valid GATE scorer for motivating the students to appear for GATE, the Awards/prizes to regular student of SSGMCE having valid GATE score as given below w.e.f.-2012 (Ref. Letter No.: GMCE/54/2012, dated 11/04/2012).

<b>Students' Eligibility</b>	<b>Awards/Prize</b>	<b>Amount</b>
Topper in Valid GATE Score list (Department wise)	First	1500/-
Second topper in Valid GATE Score list (Department wise)	Second	1000/-
All others who secured Valid GATE Score	Consolation	500/-

**4) Award to Best Project:**

In order to motivate the student to work on industry sponsored and real life problem related projects, the college has decided to give prizes to best two projects from each branch (Best four projects from EXTC branch). Project evaluation committee of respective department suggested best projects in their department. Prizes to best projects were awarded as per following criteria.

<b>Number of Beneficiaries and Amount will be submitted separately as and when result declare</b>		
<b>Branch</b>	<b>Students' Eligibility</b>	<b>Amount</b>
BE Electrical Engineering, BE Mechanical Engineering, BE Computer Science & Engineering, BE Information Technology	First best project	1000/-
	Second best project	500/-
BE Electronics & Telecommunication Engineering	First two best projects	1000/- each
	Second two best projects	500/- each

**5) Hostel and Mess Waiver Scholarship:**

To support the economically poor students, college has decided to waive off hostel fee and mess charges to these students after detailed verification and approval from Hon. Managing Director.

**6) Sports-Awards:** In order to motivate the students to participate in various types of sports, to develop physical fitness and utilization of world-class sport facilities, the sports department organizing sports week every year. Cash prizes have been given to 05 participants (Color Coat Holders in Sports and Cultural Activities).

# SHRI SANT GAJANAN MAHARAJ COLLEGE OF ENGINEERING, SHEGAON

## Scholarship Committee – 2021-22

### REPORT

The committee has worked out on various aspects of scholarships and awards to students, such as merit scholarship, donor's scholarship, award to GATE scorer, award to best project etc.

#### Recommendations of scholarship committee

##### 1) Merit Scholarship:

Class and Branch wise lists of students having scored marks 65% and above, in Winter-2020 and Summer-2021 examination were prepared. The merit scholarships to these students were recommended as per following criteria.

Branch	Students' Eligibility	Amount per stud. in Rs.
BE Electrical Engineering, BE Mechanical Engineering, BE Computer Science & Engg, BE Information Technology MBA (w.e.f :2011-12)	First Five students in each class (as per merit list)	1500/-
	Next Five students in each class (as per merit list)	1000/-
BE Electronics & Telecommunication Engineering	First Ten students in each class (as per merit list)	1500/-
	Next Ten students in each class (as per merit list)	1000/-

##### 2) Donor's Scholarship:

The college has raised a scholarship fund for meritorious, hardworking and deserving students. Well-wishers of the college have kindly deposited lump sum amount in this fund. The interest on this fund is distributed as scholarship to the students fulfilling the criteria stated by the donor.

##### 3) Award to GATE Scorer:

In order to motivate the students to appear for GATE, the college has decided to give prizes to students having valid GATE score.

The recommendation about amount of awards to valid GATE scorer for motivating the students to appear for GATE, the Awards/prizes to regular student of SSGMCE having valid GATE score as given below w.e.f.-2012 (Ref. Letter No.: GMCE/54/2012, dated 11/04/2012).

<b>Students' Eligibility</b>	<b>Awards/Prize</b>	<b>Amount</b>
Topper in Valid GATE Score list (Department wise)	First	1500/-
Second topper in Valid GATE Score list (Department wise)	Second	1000/-
All others who secured Valid GATE Score	Consolation	500/-

**4) Award to Best Project:**

In order to motivate the student to work on industry sponsored and real life problem related projects, the college has decided to give prizes to best two projects from each branch (Best four projects from EXTC branch). Project evaluation committee of respective department suggested best projects in their department. Prizes to best projects were awarded as per following criteria.

<b>Number of Beneficiaries and Amount will be submitted separately as and when result declare</b>		
<b>Branch</b>	<b>Students' Eligibility</b>	<b>Amount</b>
BE Electrical Engineering, BE Mechanical Engineering, BE Computer Science & Engineering, BE Information Technology	First best project	1000/-
	Second best project	500/-
BE Electronics & Telecommunication Engineering	First two best projects	1000/- each
	Second two best projects	500/- each

**5) Hostel and Mess Waiver Scholarship:**

To support the economically poor students, college has decided to waive off hostel fee and mess charges to these students after detailed verification and approval from Hon. Managing Director.

**6) Sports-Awards:** In order to motivate the students to participate in various types of sports, to develop physical fitness and utilization of world-class sport facilities, the sports department organizing sports week every year. Cash prizes have been given to 05 participants (Color Coat Holders in Sports and Cultural Activities).

**Summary of Scholarships and Awards (2021-22)**

<b>SN.</b>	<b>Type of Scholarship</b>	<b>Number of Beneficiaries</b>	<b>Total Amount in Rs.</b>
1	Merit Scholarship (Hon'ble Shri Shankarkaka Pandit)	65	80271/-
2	Merit Scholarship	130	153329/-
3	Donor's Scholarship	151	181873/-
4	Award to GATE Scorer(Sponsored)#	11	12000/-
5	Best Project Award (Sponsored)*	56	9000/-
6	Fee Concession*	05	276208/-
7	Hostel and Mess Waiver*	20	820000/-
8	Mess Waiver *	01	16000/-
9	Hostel Waiver*	02	50,000/-
10	Sports-Awards*	04	5000/-
		<b>In Fig</b>	<b>427</b>
<b>TOTAL</b>		<b>In words</b>	<b>Rs. Eight Lac Sixty Five Thousand Eighty One Only</b>
		<b>Four Hundred and Twenty Seven</b>	

Encl: Lists of students eligible and recommended for various types of Scholarships/ Awards.

Submitted for kind approval.

Thanking you.

# SHRI SANT GAJANAN MAHARAJ COLLEGE OF ENGINEERING, SHEGAON

## Scholarship Committee – 2020-21

### REPORT

The committee has worked out on various aspects of scholarships and awards to students, such as merit scholarship, donor's scholarship, award to GATE scorer, award to best project etc.

#### Recommendations of scholarship committee

##### 1) Merit Scholarship:

Class and Branch wise lists of students having scored marks 65% and above, in Winter-2019 and Summer-2020 examination were prepared. The merit scholarships to these students were recommended as per following criteria.

Branch	Students' Eligibility	Amount per stud. in Rs.
BE Electrical Engineering, BE Mechanical Engineering, BE Computer Science & Engg, BE Information Technology MBA (w.e.f :2011-12)	First Five students in each class (as per merit list)	1500/-
	Next Five students in each class (as per merit list)	1000/-
BE Electronics & Telecommunication Engineering	First Ten students in each class (as per merit list)	1500/-
	Next Ten students in each class (as per merit list)	1000/-

##### 2) Donor's Scholarship:

The college has raised a scholarship fund for meritorious, hardworking and deserving students. Well-wishers of the college have kindly deposited lump sum amount in this fund. The interest on this fund is distributed as scholarship to the students fulfilling the criteria stated by the donor.

##### 3) Award to GATE Scorer:

In order to motivate the students to appear for GATE, the college has decided to give prizes to students having valid GATE score.

The recommendation about amount of awards to valid GATE scorer for motivating the students to appear for GATE, the Awards/prizes to regular student of SSGMCE having valid GATE score as given below w.e.f.-2012 (Ref. Letter No.: GMCE/54/2012, dated 11/04/2012).

<b>Students' Eligibility</b>	<b>Awards/Prize</b>	<b>Amount</b>
Topper in Valid GATE Score list (Department wise)	First	1500/-
Second topper in Valid GATE Score list (Department wise)	Second	1000/-
All others who secured Valid GATE Score	Consolation	500/-

**4) Award to Best Project:**

In order to motivate the student to work on industry sponsored and real life problem related projects, the college has decided to give prizes to best two projects from each branch (Best four projects from EXTC branch). Project evaluation committee of respective department suggested best projects in their department. Prizes to best projects were awarded as per following criteria.

<b>Number of Beneficiaries and Amount will be submitted separately as and when result declare</b>		
<b>Branch</b>	<b>Students' Eligibility</b>	<b>Amount</b>
BE Electrical Engineering, BE Mechanical Engineering, BE Computer Science & Engineering, BE Information Technology	First best project	1000/-
	Second best project	500/-
BE Electronics & Telecommunication Engineering	First two best projects	1000/- each
	Second two best projects	500/- each

**5) Hostel and Mess Waiver Scholarship:**

To support the economically poor students, college has decided to waive off hostel fee and mess charges to these students after detailed verification and approval from Hon. Managing Director.

**6) Sports-Awards:** In order to motivate the students to participate in various types of sports, to develop physical fitness and utilization of world-class sport facilities, the sports department organizing sports week every year. Cash prizes have been given to 05 participants (Color Coat Holders in Sports and Cultural Activities).

## **ACKNOWLEDGEMENT**

With the continuous blessings of our Divine Source of inspiration Shri Gajanan Maharaj, we were able to complete the noble task given to Scholarship Committee and this report is dedicated to the Lotus feet of Shri Gajanan Maharaj.

We humbly realize and acknowledge the invaluable guidance and support from our Chief Patron Hon'ble Shri Shivshankarbhau Patil. We also humbly pay our deep sense of gratitude to Patron Hon'ble Shri Shrikantdada Patil for his consistent help and increasing our enthusiasm.

We sincerely extend our deepest gratitude to Hon'ble Principal Dr. S. B. Somani Sir for his consistent help and required guidance for completion of the entire process and report.

On behalf of students, staff, faculty and institute, the Committee acknowledges and thanks all donors for their unending help, faith and well wishing to the development of the institution.

We are thankful to Prof. A. V. Patil, Registrar and other office staff for providing the required information for allotting the scholarship under various heads. Our special thanks to Shri U.N. Nemanee for extending time to time help. We are also thankful to all Deans, HODs, Faculty, Staff and Students of college who have extended direct and indirect help for completion of entire process.

8	Sports - Awards	42

## **ACKNOWLEDGEMENT**

With the continuous blessings of our Divine Source of inspiration Shri Gajanan Maharaj, we were able to complete the noble task given to Scholarship Committee and this report is dedicated to the Lotus feet of Shri Gajanan Maharaj.

We humbly realize and acknowledge the invaluable guidance and support from our Chief Patron Hon'ble Shri Shivshankarbhau Patil. We also humbly pay our deep sense of gratitude to Patron Hon'ble Shri Shrikantdada Patil for his consistent help and increasing our enthusiasm.

We sincerely extend our deepest gratitude to Hon'ble Principal Dr. S. B. Somani Sir for his consistent help and required guidance for completion of the entire process and report.

On behalf of students, staff, faculty and institute, the Committee acknowledges and thanks all donors for their unending help, faith and well wishing to the development of the institution.

We are thankful to Prof. A. V. Patil, Registrar and other office staff for providing the required information for allotting the scholarship under various heads. Our special thanks to Shri U.N. Nemanee for extending time to time help. We are also thankful to all Deans, HODs, Faculty, Staff and Students of college who have extended direct and indirect help for completion of entire process.

**Dr. J. S. Bakare**  
Chief Coordinator and Member Secretary  
Scholarship Committee—2018-19

## Scholarship Committee – 2018-19

### REPORT

The committee has worked out on various aspects of scholarships and awards to students, such as merit scholarship, donor's scholarship, award to GATE scorer, award to best project etc.

#### Recommendations of scholarship committee

##### 1) Merit Scholarship:

Class and Branch wise lists of students having scored marks 65% and above, in Winter-2017 and Summer-2018 examination were prepared. The merit scholarships to these students were recommended as per following criteria.

Branch	Students' Eligibility	Amount per stud. in Rs.
BE Electrical Engineering, BE Mechanical Engineering, BE Computer Science & Engg, BE Information Technology MBA (w.e.f :2011-12)	First Five students in each class (as per merit list)	1500/-
	Next Five students in each class (as per merit list)	1000/-
BE Electronics & Telecommunication Engineering	First Ten students in each class (as per merit list)	1500/-
	Next Ten students in each class (as per merit list)	1000/-

##### 2) Donor's Scholarship:

The college has raised a scholarship fund for meritorious, hardworking and deserving students. Well-wishers of the college have kindly deposited lump sum amount in this fund. The interest on this fund is distributed as scholarship to the students fulfilling the criteria stated by the donor.

##### 3) Award to GATE Scorer:

In order to motivate the students to appear for GATE, the college has decided to give prizes to students having valid GATE score.

The recommendation about amount of awards to valid GATE scorer for motivating the students to appear for GATE, the Awards/prizes to regular student of SSGMCE having valid GATE score as given below w.e.f.-2012 (Ref. Letter No.: GMCE/54/2012, dated 11/04/2012).

<b>Students' Eligibility</b>	<b>Awards/Prize</b>	<b>Amount</b>
Topper in Valid GATE Score list (Department wise)	First	1500/-
Second topper in Valid GATE Score list (Department wise)	Second	1000/-
All others who secured Valid GATE Score	Consolation	500/-

**4) Award to Best Project:**

In order to motivate the student to work on industry sponsored and real life problem related projects, the college has decided to give prizes to best two projects from each branch (Best four projects from EXTC branch). Project evaluation committee of respective department suggested best projects in their department. Prizes to best projects were awarded as per following criteria.

<b>Number of Beneficiaries and Amount will be submitted separately as and when result declare</b>		
<b>Branch</b>	<b>Students' Eligibility</b>	<b>Amount</b>
BE Electrical Engineering, BE Mechanical Engineering, BE Computer Science & Engineering, BE Information Technology	First best project	1000/-
	Second best project	500/-
BE Electronics & Telecommunication Engineering	First two best projects	1000/- each
	Second two best projects	500/- each

**5) Hostel and Mess Waiver Scholarship:**

To support the economically poor students, college has decided to waive off hostel fee and mess charges to these students after detailed verification and approval from Hon. Managing Director.

**6) Sports-Awards:** In order to motivate the students to participate in various types of sports, to develop physical fitness and utilization of world-class sport facilities, the sports department organizing sports week every year. Cash prizes have been given to 05 participants (Color Coat Holders in Sports and Cultural Activities).

**1) Title of the Practice-** Industry-Academia Synergy.

**2) Objectives of the Practice:**

- **Establishing State-of-the-Art Labs:** Equip students with practical skills and real-world exposure by establishing cutting-edge labs in collaboration with industry partners.
- **Tailoring Curriculum to Industry Standards:** Ensure academic programs meet industry needs by integrating experiences from collaborative labs, fostering relevant employable skills.
- **Cultivating Entrepreneurial Spirit:** Inspire an entrepreneurial mindset among students and faculty through mentorship, resources, and opportunities for innovative startups driven by industry-academia collaboration.
- **Hosting Industry-Centric Events:** Facilitate discussions on current industry practices, trends, and challenges through seminars, workshops, and conferences held within collaborative lab environments.
- **Boosting Employability through Hands-On Learning:** Enhance students' job prospects by providing hands-on training using cutting-edge equipment, ensuring they possess practical skills valued by employers.
- **Facilitating Collaborative Research:** Strengthen partnerships with industries through joint research projects, leveraging synergy between academia and industry to address societal and industry needs.
- **Promoting Specialized Skill Development:** Offer specialized training programs utilizing advanced equipment, addressing specific industry requirements and enhancing students' practical capabilities for professional success.

**3) The Context:**

The initiative of "Industry-Academia connect" plays a pivotal role in the landscape of higher education and professional development, focusing on fostering robust connections between academic institutions and industries. This practice aims to establish symbiotic

relationships, bridging the gap between theoretical knowledge and practical application, benefiting students, faculty, industries, and society at large.

Amidst rapid technological advancements and evolving industry landscapes, the initiative ensures education remains relevant and aligned with dynamic job market needs. Notably, industries offering lucrative career prospects may not directly recruit students, necessitating augmented knowledge and skills beyond traditional academia. Internships serve as a crucial avenue for students to gain vital skills and provide innovative problem-solving perspectives, often leading to subsequent employment within the same industry.

Through hands-on experiences and industry exposure during their academic journey, students emerge better equipped for the job market, enhancing their employability and readiness to make impactful contributions professionally. This initiative embodies a collaborative approach, where industry funding for laboratories and equipment enriches learning experiences, preparing students for successful transitions into their careers.

#### **4) The Practice:**

Shri Sant Gajanan Maharaj College of Engineering stands as a beacon of collaboration between academia and industry, a testament to its commitment to holistic education and real-world applicability. At the helm of this symbiotic relationship lies the IQAC cell, comprising seasoned industry experts who lend their invaluable insights towards curriculum development, industry trends, and emerging skill requirements. Through strategic partnerships with various industries, the institute spearheads collaborative research endeavors aimed at tackling real-world challenges. These projects not only offer students and faculty opportunities for applied research but also pave the way for industry-relevant solutions that address contemporary issues.

The institute goes beyond theoretical discourse by actively integrating industry perspectives into its academic fabric. Industry stalwarts are regularly invited to deliver guest lectures, conduct workshops, and participate in panel discussions, providing students with invaluable exposure to current practices and emerging technologies. Structured

---

internship programs forged with industry players offer students a firsthand glimpse into professional environments, allowing them to apply theoretical knowledge and hone industry-specific skills under the mentorship of seasoned professionals.

Recognizing the pivotal role of alumni in bridging the academia-industry gap, the institute harnesses alumni networks to facilitate internships, job placements, and industry connections for students. Moreover, alumni actively participate in guest lectures, mentorship programs, and other initiatives, enriching the academic experience with practical insights from the professional realm.

In its pursuit of excellence, the institute fosters continuous learning and growth among its faculty members, facilitating sabbatical training within industries to stay abreast of evolving trends and industry practices. Regular interactions between faculty and industry professionals further enhance collaboration, identify research opportunities, and pave the way for innovative joint ventures.

Central to this dynamic ecosystem are the Industry-Institute meets, vibrant platforms that facilitate the exchange of knowledge, foster partnerships, and chart the course for joint initiatives that benefit students, industries, and society at large. Through such concerted efforts, Shri Sant Gajanan Maharaj College of Engineering reaffirms its commitment to nurturing industry-ready graduates equipped with the skills and acumen to thrive in the ever-evolving landscape of professional excellence.

#### 5) Evidence of Success:

**Active Student Engagement:** Students actively immerse themselves in industry-related projects, hackathons, and technical competitions, where they apply theoretical knowledge to tackle real-world challenges. This proactive involvement not only showcases their adaptability, creativity, and innovation but also reinforces classroom learning, fostering practical skills essential for future career success.

**Experiential Learning Benefits:** Within the framework of industry-funded lab/equipment practices, students gain invaluable experiential learning opportunities. They enhance their

Website- [www.ssgmce.ac.in](http://www.ssgmce.ac.in)

teamwork, critical thinking, and problem-solving skills while gaining profound insights into industry dynamics. This hands-on experience not only prepares them for the demands of the workforce but also instills a lifelong commitment to learning and growth.

**Tangible Outcomes of Engagement:** Participation in industry-related activities yields tangible outcomes such as publications in prestigious journals, coveted job placements in leading companies, and even the establishment of entrepreneurial ventures. These concrete achievements serve as compelling evidence of the effectiveness of hands-on learning and underscore its transformative impact on students' academic and professional trajectories.

**Learner-Centric Approach:** Through a learner-centric approach, students are empowered to take ownership of their educational journey, explore their passions, and unlock their full potential. By bridging the gap between academia and industry, these practices not only prepare students for successful careers but also cultivate a deep sense of purpose and responsibility that extends beyond the confines of the classroom.

**Overall Impact:** Industry-funded projects, internships and lab/equipment practices play a pivotal role in shaping well-rounded professionals equipped with the technical acumen, adaptability, and creativity needed to thrive in today's dynamic professional landscape. This holistic approach not only prepares students for lifelong success but also fosters a profound sense of purpose and contribution to society.

#### 6) **Problems Encountered and Resources Required:**

Ensuring active industry engagement faces hurdles such as industries' reluctance due to perceived risks, lack of awareness, or competing priorities. To address this, dedicated personnel for outreach, marketing materials, and networking events are essential. Similarly, student participation can be hindered by a lack of awareness, motivation, or guidance regarding industry opportunities. To overcome this, implementing student engagement programs, mentorship initiatives, and awareness workshops is crucial.

Curriculum alignment may suffer from outdated content due to delays in updates, faculty resistance, or insufficient industry input. Regular reviews, faculty training, and industry consultations are necessary resources to maintain alignment. Limited funding can impede student involvement in internships, research, or skill development. To counter this,

Website- [www.ssgmce.ac.in](http://www.ssgmce.ac.in)

securing grants, scholarships, and partnerships with industry sponsors or alumni donors is vital.

Insufficient monitoring may lead to ineffective collaborations or missed improvement opportunities. Implementing monitoring mechanisms, assessment tools, and feedback channels is essential for effective oversight. Maintaining long-term partnerships can be challenging due to changing priorities or inadequate resources. To ensure sustainability, ongoing commitment, communication, strategic planning, and a dedicated team are indispensable.

Similarly, identifying and supporting entrepreneurial students requires dedicated programs, mentorship networks, funding opportunities, and access to business development resources.

#### 7) Notes:

The Industry-Institute Connect program at SSGMCE serves as a cornerstone in bridging the gap between education and industry demands, particularly in the realm of Industry-Academia Synergy. This program orchestrates a diverse array of impactful activities aimed at enriching students' educational experience and preparing them for dynamic professional pathways. From establishing cutting-edge industry-funded labs and equipment to facilitating internships, placements, and industry-driven guest talks, the program covers a wide spectrum of initiatives.

Furthermore, it provides workshops, skill-based certifications, and research and development support to enhance students' abilities and foster innovative exploration within these specialized facilities. Entrepreneurial endeavors are nurtured, while industrial visits and guest faculty enrich the learning journey. The collaboration extends to restructuring syllabi to align with evolving industry trends.

Inaugural addresses, events, and Industry Institute Meet (IIM) sessions enhance networking opportunities, complemented by Memorandums of Understanding (MOUs) that establish partnerships with industry stakeholders. Through these meticulously curated

Shri Gajanan Shikshan Sanstha's

### Industry Academia Synergy

Industry-Academia Synergy stands as a best practice at SSGMCE, embodying our commitment to holistic education and real-world relevance. Through robust partnerships with industry leaders, we bridge the gap between theoretical knowledge and practical application, ensuring our students are equipped with the skills and insights necessary for success in their careers.

The partnership between industry and academia has the potential to significantly enhance students' skill development, offer invaluable project-based learning experiences, and ensure they remain abreast of technological advancements. Within this collaboration, academia can serve as a source of innovative solutions for industries, fostering a symbiotic relationship that cultivates a thriving ecosystem within the campus environment.

In efforts to strengthen the Industry Institute Relationship, SSGMCE, Shegaon has established a dedicated cell to facilitate seamless interactions between industry and academia. This cell acts as a conduit, linking various industries with SSGMCE, Shegaon, through collaborative platforms aimed at enriching student-centered activities. These initiatives include establishing Industry Supported State of Art Centers of Excellence (Industry Supported Laboratories), hosting Tech Talks/Rare Share/Guest lectures, organizing industrial visits for students and faculty members, undertaking industry-solving projects, fostering Memorandums of Understanding (MOUs) for industry collaborations, facilitating the exchange of information related to training and research in mutually beneficial areas, and coordinating webinars/trainings for supporting staff.

Since 2015, the Industry Institute Interaction Cell has been instrumental in narrowing the gap between industry and academia, facilitating a seamless exchange of knowledge and resources to the mutual benefit of both sectors.

Every department at SSGMCE is dedicated to and actively engaged in advancing our industry-academia collaboration initiative. Each department endeavors to work diligently towards this goal, striving to foster meaningful partnerships with industry counterparts and integrating real-world insights into our academic programs. Through their collective efforts, our departments contribute to the overarching mission of enhancing education, research, and industry engagement, thereby enriching the learning experience and opportunities for our students.

## **Driving Industry-Academia Collaboration: Initiatives by the Mechanical Engineering Department**

### **A) Setting up Industry Sponsored Centre of Excellence:**

#### **1) Industry Sponsored/CSR Funded “Dr. Georg H. Endress Laboratory” (Pressure, Level, Temperature and Flow measurement Centre of Excellence)**

The newly established laboratory at our institute is equipped with world-class facilities for measuring various parameters of liquids, including pressure, level, temperature, flow, and pH. Named after the renowned German-Swiss entrepreneur in the field of measurement and control technology, Dr. Georg H. Endress, the laboratory was generously gifted under CSR by Endress+Hauser (India) Automation Instrumentation Pvt. Ltd., representing the Confederation of Indian Industry's Marathwada Zonal Council. The laboratory was inaugurated in August 2022 by Mr. Sriram Narayanan, Past Chairman of CII Maharashtra State Council and Managing Director of Endress+Hauser (India) Automation Instrumentation Pvt. Ltd., Ch. Sambhajinagar.

This state-of-the-art rig setup, fully automated and enabled with IoT and Industry 4.0 capabilities, was meticulously prepared for our institute by German engineers Mr. Florian Asal, Mr. Christian Hopfner, and Mr. Markus Schartel, affiliated with Endress+Hauser (India) Automation Instrumentation Pvt. Ltd. Ch. Sambhajinagar. The laboratory adopts an interdisciplinary approach, featuring a combination of different tanks and vessels equipped with several Endress+Hauser pressure and level appliances, allowing for testing in a realistic environment.

The planning and creation of both the rig and the laboratory were undertaken by the aforementioned engineers, ensuring the capability to simulate devices on the demo rig under varying temperatures, condensate formation, and changing surface conditions based on bubbles generated by the local pressure grid.

**Photograph of Dr. Georg H. Endress Laboratory**

**Photograph during the visit to test rig by Hon. Director Shri Shrikantdada Patil**

Through this laboratory, it is also possible to investigate the behaviour of microwaves and ultrasonic waves in metal or Plexiglas bypasses. The utilization of the laboratory is extended to all departments, including Mechanical Engineering, Electrical Engineering, Electronics Engineering, Information Technology, and Computer Science. This test rig encompasses technical aspects from various engineering domains, providing extensive exposure to high-end corporate technologies.

Given the world-class technology involved and the vast scope of this test rig, we have decided to make it available for use by all other departments as well, facilitating knowledge transfer and skill enhancement. Additionally, the laboratory can be utilized for research purposes.

Below are some of the salient features of the demo test rig that span across each discipline

- 1) IOT & Industry 4.0 enabled. (IT & Computer Dept.)
- 2) Programmable Logical Controllers (PLCs) with modular and required components. (Electronics & Electrical Dept.)
- 3) Electronic circuits/relays/control board circuits/Power Tank working etc. (Electronics & Electrical Dept.)
- 4) Instrumentation including pneumatic circuits, solenoid valves etc. (Electronics & Electrical Dept.)
- 5) Liquid quality metering abilities (pH, study of demineralization process) (ASH Dept.)
- 6) Miniature Industrial setup to showcase world class engineering practices. (All disciplines)
- 7) Pneumatics Systems (Mechanical Engg. Dept.)
- 8) Pressure, Level, Temperature and Flow measurement (Mechanical Engg. Dept.)

Currently, we are utilizing this facility for academic practical sessions and providing hands-on training on "Web-based Modules" supported by Endress+Hauser (India) Automation Instrumentation Pvt. Ltd., Ch. Sambhajinagar.

## 2) Industry Sponsored/Supported “Robotic Centre of Excellence” (Robotics Laboratory)

- The establishment of an Industrial Robotics Laboratory within engineering institutes offers numerous advantages, enriching the educational journey and fostering skill development among students while meeting the practical requirements outlined by the university curriculum. Here are some compelling reasons advocating for the incorporation of such a Robotics Laboratory at SSGMCE, Shegaon.
- Hands-on Learning Experience: An Industrial Robotics Laboratory provides students with invaluable hands-on experience, allowing them to apply theoretical knowledge in a real-world setting. Interacting with robotic systems enhances their understanding of robotics principles and their practical applications.
- Skill Enhancement: Students working in a robotics lab have the opportunity to develop practical skills in programming, automation, and control systems. Exposure to industrial-grade robots equips them with sought-after skills, enhancing their competitiveness in the job market.
- Alignment with Industry Demands: Industrial robotics labs enable institutes to offer courses and training programs that align with the evolving needs of industries. Students gain insights into programming and operating robots commonly used in manufacturing, logistics, and other sectors, preparing them for future employment.
- Research and Innovation Hub: A robotics laboratory serves as a hub for faculty and students to engage in research and innovation within the field of robotics. It provides a platform for exploring new technologies, developing prototypes, and contributing to advancements in robotics.
- Industry Collaboration: Equipped with well-established robotics labs, colleges can facilitate collaboration with industry partners. Industry experts can conduct workshops, share insights,

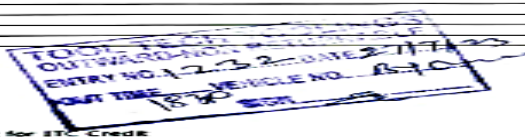

and expose students to real-world applications and challenges, enriching their learning experience.

- **Interdisciplinary Learning:** Robotics encompasses elements of mechanical engineering, electrical engineering, computer science, and control systems. An Industrial Robotics Laboratory promotes interdisciplinary learning, encouraging students to integrate knowledge from various engineering disciplines.
- **Problem-Solving Skills Enhancement:** Students working with robots in a laboratory setting encounter complex problem-solving scenarios. They learn to troubleshoot, debug, and optimize robotic systems, honing their critical thinking and analytical abilities.
- **Preparation for Industry 4.0:** In light of the advent of Industry 4.0 and the increasing integration of automation across sectors, exposure to industrial robotics is essential for engineering graduates. Robotics labs prepare students for the technological advancements shaping the future of manufacturing and other industries.
- To realize these benefits, department have initiated partnerships with industries to establish a state-of-the-art "Robotic Centre of Excellence." This initiative aims to provide students with comprehensive education, bridging the gap between theory and practice, and preparing them for successful careers in robotics and automation. Notably, leading industries like "Tool Tech Toolings," a distinguished Kirdak Group Company located in Aurangabad, have generously supported our efforts by gifting a world-class Industrial MIG welding Industrial Robotic Cell containing a "Panasonic Tower Series Industrial Robot," complete with specially manufactured integrated pneumatic clamping fixtures and all necessary attachments.

Technical Details of the Industrial Robotic Cell are as follows:

- Make of Manipulator : Panasonic Japan
- Model : Tawer Series TM 1400
- Robotic Welding Cell & Pneumatic Fixture Maker: Tool Tech Tooling

Below is the delivery challan of the Robotic Welding Cell.

Presently, we are utilizing this facility to conduct academic practical sessions and provide hands-on training to students.

### 3) Industry Sponsored/Supported “Automated Guided Vehicle – Autonomous Material Handling Industrial Mobile Robot for Robotic Centre of Excellence”

As part of our ongoing initiatives, the Robotic Centre of Excellence has introduced a cutting-edge addition: the Autonomous Mobile Robot "RAGHAV 1.5." This state-of-the-art material handling industrial robot, sponsored by CSR and supported by "Yantra LLP," a distinguished member of the Rucha Group of Industries located at Shendra, MIDC Aurangabad, is the first of its kind in our institution.

The integration of the material handling robot "RAGHAV 1.5" into SSGMCE, Shegaon, offers numerous advantages, enriching the educational experience and equipping students for the dynamic industrial landscape. Here are some key requirements and benefits associated with the adoption of material handling robots:

1. **Practical Application of Automation:** Material handling robots provide students with a tangible platform to comprehend and implement automation concepts in real-world scenarios. Through tasks such as picking, placing, and transporting materials, students can learn to program, operate, and optimize robotic systems.
2. **Development of Industry-Relevant Skills:** Exposure to material handling robots equips students with skills highly sought after in industries such as manufacturing, logistics, and warehousing. Hands-on experience with these robots prepares students for careers where automation and robotics play pivotal roles.
3. **Integration of Control Systems:** Material handling robots often require the integration of control systems for precise movement and coordination. Students gain insights into control system design, implementation, and troubleshooting through practical experience with material handling robots.

4. **Proficiency in Programming:** Robotic programming is a crucial skill in automation. Material handling robots provide students with opportunities to learn programming languages, interface with robotic controllers, and develop algorithms for efficient material handling processes.
5. **Interdisciplinary Learning:** Material handling robots encompass aspects of mechanical engineering, electrical engineering, computer science, and control systems, promoting interdisciplinary learning and fostering collaboration among students from diverse backgrounds.
6. **Problem-Solving and Optimization:** Material handling robots offer opportunities for students to develop problem-solving skills by optimizing robot performance and resource utilization in various scenarios.
7. **Research and Innovation:** The presence of material handling robots encourages research opportunities for faculty and students, facilitating exploration of innovative applications and advancements in robot design and algorithms.
8. **Preparation for Industry 4.0:** Material handling robots align with the principles of Industry 4.0, preparing students for the technological advancements driving smart manufacturing and automation.
9. **Industry Collaboration:** Institutes with material handling robots can collaborate with industry partners to enhance curriculum with real-world perspectives and insights.
10. **Enhanced Project-Based Learning:** Material handling robots support project-based learning initiatives, enabling students to work on practical, industry-inspired projects that nurture creativity, teamwork, and problem-solving skills.

The Autonomous Mobile Robot "RAGHAV 1.5" boasts impressive technical specifications:

- Load Pulling Capacity: 1.5 tons
- Payload Capacity: 7500 Kgs.
- Battery Charging Time: Approximately 5 hours
- Battery Backup Time on Full Load: 12 hours

Below is the delivery challan of the Automated Guided Vehicle (Mobile Robot)

Glimpses of handing over “Industrial Automated Guided Vehicle” at Rucha Engineers Aurangabad

Currently, the institution is utilizing this facility for academic demonstrations, practical sessions, and providing hands-on training to students.

#### 4) Industry Sponsored/Supported “Internal Combustion Engine Laboratory”

For providing practical exposure to students, the use of cut section models in engineering laboratories proves invaluable as educational tools, offering visual and tangible insights into complex concepts. Departing from conventional methods of showcasing cross-sections, the institution has endeavoured to integrate working models of actual cut sections of Internal Combustion Engines from leading manufacturers in India, such as Greaves Cotton Ltd. Aurangabad.

This initiative is driven by several reasons:

- **Visual Representation of Internal Components:** Cut section models enable students to visually examine the internal components of an I.C. Engine, facilitating a deeper understanding of intricate mechanisms.
- **Enhanced Learning Experience:** Visual aids enhance the learning process by providing three-dimensional representations, aiding students in comprehending the relationships between different components and the functionality of the I.C. Engine.
- **Hands-On Understanding:** Working cut section models offer students a hands-on experience, allowing them to interact with the models and gain practical insights into component arrangement and connectivity.
- **Demonstration of Principles:** Faculty members and supporting staff utilize these models to demonstrate I.C. Engine working principles, making abstract concepts more tangible and relevant for students.
- **Effective Teaching Tool:** Cut section models serve as effective teaching aids during lectures, practical sessions, and demonstrations, illustrating key engineering concepts and facilitating the teaching-learning process.
- **Integration with Curriculum:** These models align with the curriculum, reinforcing topics covered in textbooks and lectures across various subjects such as fluid mechanics, heat transfer, machine design, and thermodynamics.
- **Preparation for Industry:** Exposure to working cross-section models prepares students for industry challenges by offering insight into the inner workings of actual systems encountered in their future careers.

In collaboration with Greaves Cotton Ltd. Aurangabad, the institution has procured fully functional working cross-sections of brand-new Greaves Diesel Engines for SSGMCE, Shegaon. The technical details of the working cross-section of the Internal Combustion Engine received from the industry are as follows:

Make: Greaves Cotton Ltd. Aurangabad

### 5) Industry Sponsored/Supported “Cross section of Transformer” (Delivery in Progress)

The incorporation of cut section or cross-section models of transformers is immensely beneficial for students studying electrical engineering. These models offer a visual depiction of the internal components and structure of transformers, providing students with a hands-on approach to understanding the functioning of these crucial electrical devices. Here are the implications of acquiring transformer cross-section models:

**Visualization of Internal Components:** Students can visually observe and comprehend the internal components of a transformer, including the core, windings, and insulation.

**Concept Reinforcement:** Observing the cross-section of a transformer reinforces theoretical concepts covered in lectures and textbooks, facilitating easier comprehension of abstract principles.

**Understanding Winding Arrangement:** Students can observe the arrangement of primary and secondary windings, as well as the connections between them, aiding in understanding the transformer's voltage transformation process.

**Insulation and Cooling Mechanisms:** Transformer cross-section models illustrate how insulation materials are positioned between windings and how cooling systems, such as oil-filled chambers, dissipate heat.

**Magnetic Core Configuration:** The configuration of the magnetic core, crucial for the transformer's efficiency, can be clearly observed in the cross-section models.

**Demonstration of Flux Paths:** Models demonstrate the flux paths within the transformer, helping students comprehend magnetic flux and its impact on the transformer's performance.

**Fault Analysis:** Cross-section models can be utilized to discuss and analyse common faults in transformers, such as short circuits, insulation failures, or core issues.

**Hands-On Learning:** Students can physically interact with cross-section models, gaining a tactile understanding of the transformer's structure and functioning. Additionally, these models can educate students about safety considerations related to transformer design, installation, and maintenance.

Details of the Project:

- Name of the Sponsoring Industry: Photon Transformer, Khasra, Burhanpur (M.P)
- Gadget: Transformer
- Status of the Project: In Progress

**B) Software Consultancy & Revenue Generation:**

Through our continuous follow-ups and partnerships with eminent industries, we acquired the legal software required to run the IoT application "Genesis 64," which is part of the Iconics Suite of the Mitsubishi Electric Corporation. The software, with license No. GWX64-RT-150, 110800, was obtained at a cost of Rs. 95,000/-. This acquisition was coordinated through Endress+Hauser Automation Instrumentation (I) Pvt. Ltd.

**C) Industry-Engaged Events and Initiatives:**

Mr. Sriram Narayanan, serving as the Chairman of CII Maharashtra State Council and Managing Director of Endress Hauser, graced the "Degree Convocation Ceremony" with his presence and delivered the keynote address. Furthermore, he ceremonially inaugurated the Fully CSR Funded "Dr. Georg H. Endress Laboratory".

Online Session

16<sup>th</sup> Jan. 2021  
1.30 Pm - 2.30 Pm

**Shri Sant Gajanan Maharaj College of Engg. Shegaon**  
Department of Mechanical Engineering

# RARE SHARE

**Job Profile :**

- 19 Years of Professional Experience
- Practicing Company Secretary & Insolvency Professional

**Highlights of Rare Share :**

- Organization choices for start up a business organization.
- To know whether to form Pvt. Ltd. / LLP/ partnership firm.
- What is intellectual Property right i.e. trade mark, copy right and patent & much more...

**Organizing Team:**  
Dr. N. H. Khandare  
Mech. Engg. Dept.

Dr. S. P. Trikal  
HOD

- by -  
**Mr. Ram Thakkar,**  
Practicing Company Secretary & Insolvency Professional

Online Session

23<sup>rd</sup> Jan. 2021

## RARE SHARE

**Profile :**

- B.Tech and M.Tech (Dual degree) in Mechanical Engineering from IIT Bombay
- Ph.D. in community development

**Highlights :**

- How to comprehensively define the technical problem?
- How to involve the societal members to come up with a solution?
- Problem & respective technology solutions
- Steps in addressing societal problems by technology means.

- by -  
**Dr. Vijay H. Honkalaskar,**  
(Director)  
Sulokchetana Pratishthan

**Organizing Team:**

**Dr. N. H. Khandare**

## "Welding Industry - Introduction & Career Options"

*A Live Webinar on,*  
**"Welding Industry - Introduction & Career Options"**

31<sup>st</sup> October  
2020,  
At 2.30 PM  
Platform -  
"Microsoft  
Teams"

**Highlights -**

- Welding Industry Overview
- **Industry Demands**
- Career Profiles in Welding
- Institutes Associated with Welding
- Benefits of International Certifications in Welding and much more about Welding...!

Keynote Speaker,  
**Mr. Abhishek Vyas**  
-Assistant Manager -  
Application Technology  
Voestalpine Bohler Welding  
India Pvt Ltd.  
& Mechanical Engg. Dept.  
Alumnus

**Organizing Team**

**Dr. N. H. Khandare**  
Mech. Engg. Dept.  
Shegaon

**Prof. M. B. Bhambere**  
Mech. Engg. Dept.  
Shegaon

**Dr. S. P. Trikal**  
(Head)  
Mech. Engg. Dept.

**Dr. S. B. Somani**  
(Principal)  
S.S.G.M.C.E.,  
Shegaon

Shri Sant Gajanan Maharaj College of Engineering, Shegaon

## TECH TALK (Season-2)

**Speaker Profile:**

- Alumni Mechanical Engg. Dept. (2005 Batch) SSGMCE
- Executive Diploma in Management from INSEAD France
- Member of Bekaert India leadership team
- Executive Director for Ranjangaon Industrial Association
- Leadership experience; Operations, Quality, R&D, Supply chain, HR & Marketing & Sales

**Highlights of Session:**

- Journey; SSGMCE to Director Operations for Bekaert
- Challenges for fresh graduates and possible solutions
- Impact of Pandemic and way forward

- by -  
**Mr. Sachin Badukale,**  
Alumnus of Mech. Engg. Dept.

- Date -  
**6<sup>th</sup> June**  
2021  
- Time -  
**11.00am to**  
**11.45 am**

**Organizing Team-**

**Dr. N. H. Khandare**  
Mech. Engg. Dept.

**Prof. R. V. Rajkolhe**  
Mech. Engg. Dept.

**Dr. S. P. Trikal**  
(HOD)

# TECH TALK

(Season-2)

-Speaker-  
**Mr. Sandip Tompe,**  
Alumnus of Mech. Engg. Dept.

**Speaker Profile:**

- **Alumni** Mechanical Engg. Dept. (1998 Batch) SSGMCE.
- **Deputy General Manager** in **BOSCH Ltd. Nashik**.
- Responsible for **400** associate and **35** engineers with **800Cr** annual TNS)
- **+18** yrs. of experience in auto industry (Operations, Project Management, New Part Development, etc.
- Hands on work experience in **Europe** for 3.5 years for **Euro-5 & 6**, FIP application projects etc.

**Highlights of Session:**

- **Skillsets** required for Industries.
- **"Be positive"** in this Pandemic & much more..!

**13<sup>th</sup> June 2021**  
11.00 am to  
12.00 pm

**Online Session**

**-Organizing Team-**

**Dr. N. H. Khandare**  
Mech. Engg. Dept.

**Prof. R. V. Rajkolhe**

# TECH TALK

(Season-3)

**17<sup>th</sup> Dec. 2021**  
11.00 am

**Speaker Profile:**

- **'Alumni'** Mechanical Engg. Dept. (2016-17 Batch) SSGMCE.
- **Business Analyst** at **Signify Innovations Ltd. Pune**
- **Ex. Senior Engineer** at **Tata Advanced Systems Ltd. Nagpur**
- Precious Experience of Operations, Tool design, Material Planning in **Aerospace Industry**.
- Leading Planning activities for Projects viz. **Airbus A320, Rolls Royce, Boeing 737 Max Main Landing Gears & doors & Vertical fins.**

**Session Highlights :**

- **Multidisciplinary Setups** required for Industries.
- **Leadership Skills** in diverse **Industrial Set up & much more..!**

-Speaker-  
**Mayank Vajpayee**  
Alumnus of Mech. Engg. Dept.

**Organizing Team-**

**Dr. N. H. Khandare**

**Dr. S. P. Trikal**  
(HOD)

**Online Session**

**Digital posters of the events**

Amidst the COVID-19 pandemic, a motivational session titled "Global Crisis - Positive Perspective" was conducted for all the supporting staff of the Institute, led by an industry expert. More than 32 faculty members from the Institute participated in the "Industry Academia Partnership Avenues" (CII Digital Training). Additionally, the institute received commitment letters from eminent industries for the "AICTE- Idea Laboratory" Scheme.

## **Department of Applied Science and Humanities**

### **Objectives of Industry visits:**

Industrial visits for engineering students and faculty members serve multiple objectives aimed at enhancing their understanding of theoretical concepts through real-world applications, fostering practical skills development, and providing insights into industry practices and technologies. Firstly, these visits offer students and faculty members the opportunity to witness firsthand the implementation of theoretical knowledge in various industrial settings. By observing manufacturing processes, quality control measures, and operational procedures, they gain a deeper appreciation for the relevance and implications of their academic studies. Moreover, they can interact with industry professionals, allowing them to seek clarifications, gain practical insights, and explore potential career paths.

Secondly, industrial visits facilitate the development of practical skills essential for engineering professionals. Students can observe state-of-the-art equipment and technologies in action, gaining exposure to modern engineering tools and methodologies. Engaging in hands-on activities or demonstrations during these visits enables students to apply their theoretical knowledge, troubleshoot real-world challenges, and develop problem-solving abilities. Additionally, witnessing the integration of engineering principles with environmental and safety regulations fosters a holistic understanding of engineering practices. Overall, industrial visits play a crucial role in bridging the gap between theoretical learning and practical application, equipping engineering students with the skills and knowledge necessary for success in their future careers.

### **Visit of Faculty Members to Vikamshi Fabrics Ltd, Khamgaon and Parle Products Ltd., Khamgaon:**

The faculty members of the department of Applied Sciences and Humanities visited Vikamshi Fabrics Ltd, Khamgaon and Parle Products Ltd., Khamgaon on 25<sup>th</sup> January 2024.

It aimed at providing insights into real-world industrial practices and technologies. The visit aimed to enrich the understanding of faculty members, enabling them to better guide and educate students about industrial processes and applications.

#### **1. Visit to Vikamshi Fabrics Ltd.:**

At Vikamshi Fabrics Ltd., the faculty members were greeted with a comprehensive overview of the textile manufacturing process. They observed various stages of fabric production, from raw material processing to weaving and finishing. Engaging discussions with industry experts shed light on innovative techniques employed to enhance efficiency and quality in textile manufacturing. Furthermore, the visit emphasized the importance of sustainability practices in

the textile industry, with Vikamshi Fabrics showcasing their commitment to eco-friendly production processes and waste reduction strategies.

## 2. Visit to Parle Products Ltd.:

The visit to Parle Products Ltd. provided faculty members with insights into the realm of food manufacturing. They witnessed the intricacies of biscuit production, from ingredient mixing to packaging. Noteworthy was the emphasis on quality control measures implemented throughout the production line to ensure the consistency and safety of the final products. Discussions with Parle's quality assurance team highlighted the significance of stringent quality standards in the food industry and the challenges faced in maintaining them. Additionally, the visit underscored Parle's adherence to food safety regulations and its continuous efforts to innovate and adapt to changing consumer preferences.

### Outcome:

The industrial visit to Vikamshi Fabrics Ltd. and Parle Products Ltd. proved to be highly informative and enriching experiences for the faculty members of the Department of Applied Sciences and Humanities. The first-hand exposure to industrial processes and practices will undoubtedly enhance their ability to impart practical knowledge to students and prepare them for the challenges of the modern industrial landscape.

## Visit of B. E. First Year students to Vinodrai Engineers Pvt. Ltd., Jalna

B. E. First year students visited Vinodrai Engineers Pvt. Ltd. 12th, 13th & 14th March 2024. Around 173 students from different branches visited the industry in different slots. This visit was meticulously organized with the objective of providing students with practical exposure to industrial processes, thereby supplementing their theoretical learning and fostering a deeper understanding of engineering concepts.

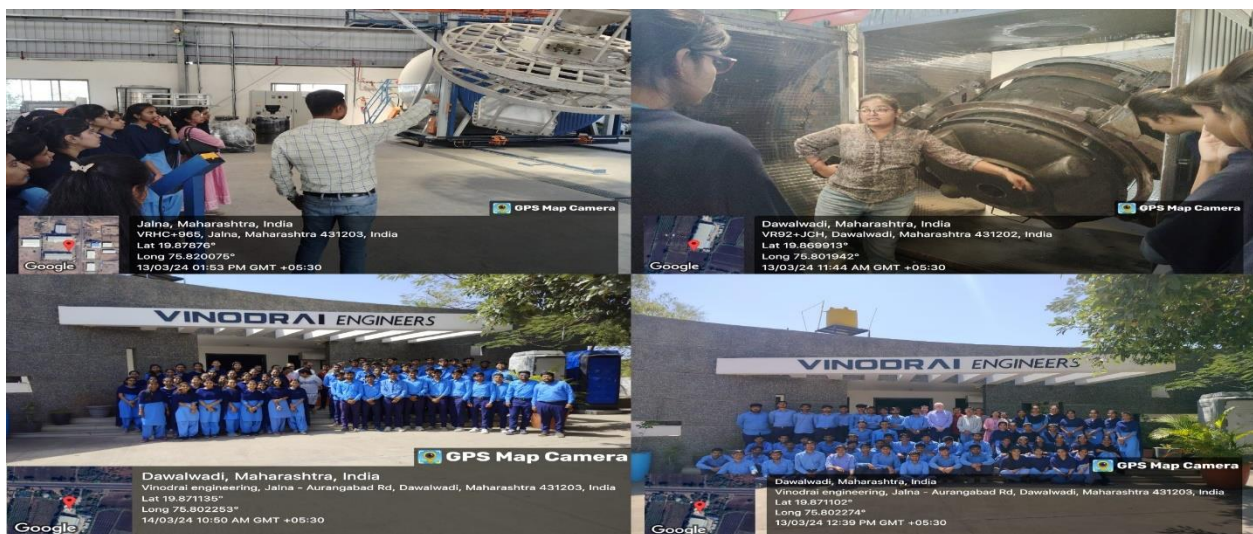

Vinodrai Engineers Pvt. Ltd. is renowned for its expertise in precision engineering and manufacturing. During the visit, students were given a comprehensive tour of the facilities, gaining insights into the company's operations and technological capabilities. The visit commenced with an introduction to the company's history, vision, and core values, setting the stage for an immersive learning experience.

During the visit, students were exposed to various facets of engineering processes and practices at Vinodrai Engineers Pvt. Ltd. They had the opportunity to observe firsthand the intricate processes involved in precision machining, fabrication, and assembly of components. Engaging interactions with engineers and technicians provided students with valuable insights into industry best practices, quality control measures, and the importance of adherence to safety standards.

### Learning Outcomes:

The industrial visit proved to be immensely beneficial for the first-year engineering students, as it bridged the gap between theoretical knowledge and practical application. By witnessing real-world engineering operations at Vinodrai Engineers Pvt. Ltd., students gained a deeper appreciation for the complexities and challenges inherent in the field of engineering. Furthermore, the visit instilled in them a sense of curiosity and enthusiasm for exploring different branches of engineering and honing their technical skills.

## **Faulty Industry Visits**

### 1) Expert Global Solutions (An ALTEN Company)

#### **Objectives:**

Expert Global Solutions (An ALTEN Company) is based on an IoT (Internet of Things) ADAS (Advanced Driver Assistance Systems) industry focusing on Industry 4.0. we had mapped several objectives before visit to gain a comprehensive understanding of the practical applications and implications of IoT and Industry 4.0 in the context of ADAS for bridging the Gap between Industry and Academia.

**Date:** 15/12/2023

#### **Highlights of visit:**

Expert Global Solutions is an Independent Engineering Design and Services company. With an employee strength of over 1200+, cater to Fortune 100 & Fortune 500 companies worldwide. specialize in the areas of Engineering, Manufacturing & Digital Technology. Their global customers have used for experience and expertise, to control the costs & improve efficiency for the Designing software solutions, Engineering solutions group, Sourcing development solutions group. During the visit we had focused on the objectives and focus on activities like the Lab environment, Sponsored project, Internship opportunities, Skill development activities for the students. We had also emphasized on the conduction of placement drives for the students.

### 2) Industry Interactions at GREAVES COTTON LTD.

#### **Objectives:**

Greaves Cotton is an end-to-end energy solutions company redefining the sustainable and green mobility ecosystem through transformative technology. Greaves also focusing on Industry Automation through AI, IOT and Cloud Technologies. The objective of the visit is to identify the actual need of automotive industries in the area of Emerging technology and to grab the opportunity for students in the form of internship and sponsored project.

#### **Highlights of visit:**

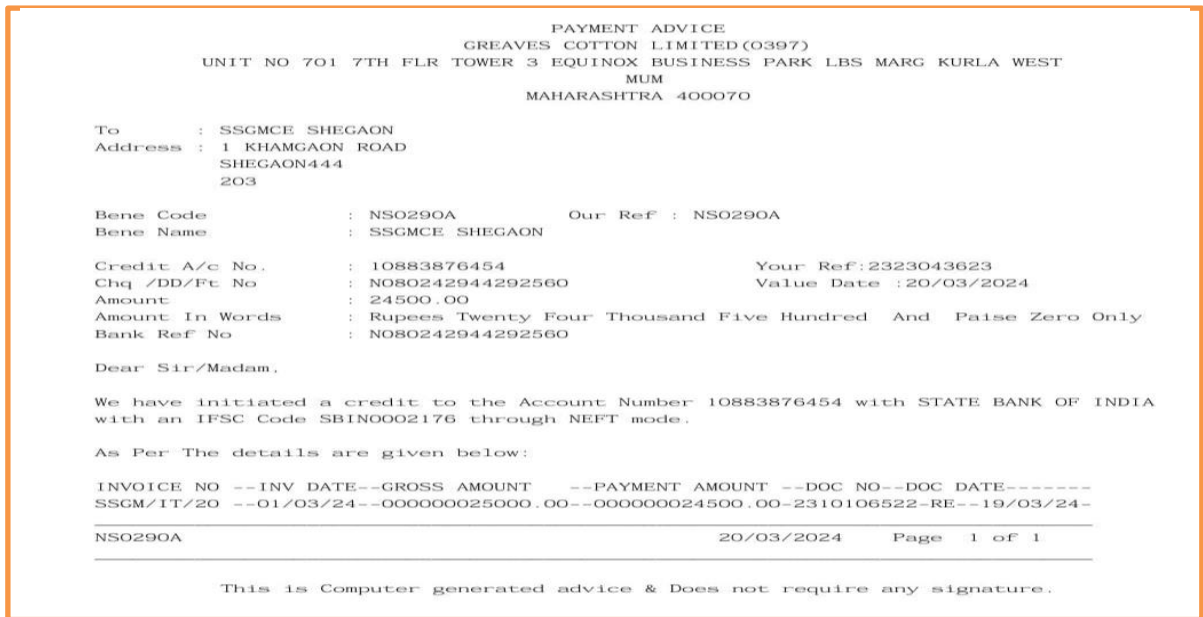

During the visit we had focused on the objectives and seen the industry automation through improving machine capacity utilization is key to operational scalability and profitability. Leanworx cloud an exceptional fusion of AI, IoT, and Cloud to bring a seamless experience in machine monitoring to take on manufacturing challenges head-on. And how does it possible to Stay connected with your machines 24/7, access data on the go and make real-time decisions instantly to keep your

machines humming – efficiently and profitably and come up with several key take-aways from the Sponsored project, Internship opportunities, Skill development activities for the students.

**c) Industry Interactions at Red Hat Technologies Bangalore for the Skill Enhancement activities**

**Outcomes:** Global certification and skill development of students

Total 250 students got the benefit of redhat courses through Learning Academy

## Department of Computer Science & Engineering

### 1. Industry sponsored Lab setup and its modernization

Mr. Alok Tayal, President of PHRONESIS-Partner Noida and an alumnus from the 1985-1989 Batch of the CSE Branch, have generously supported the establishment of the lab in the first phase. Additionally, he has contributed to its modernization in the second phase. Below are the details:

S.N.	Purpose	Year	Amount
1	Lab Set-up Machine learning and IoT Lab Lab named as PHRONESIS Machine learning and IOT Lab.	Aug 2018	2,52000/-
2	Modernization of same lab (PHRONESIS Machine learning and IOT Lab)	March 2022	2,35000/-
Total Amount			4,87000/-

### Utilization of Fund:

The department has allocated the funds as follows:

1. Initially for setting up the lab with necessary materials.
2. Subsequently, for the modernization of the lab.

S.N.	Vender Name	Year	Invoice Amount
1	REMOTE COMPUTING TECHNOLOGIES Bangalore	Jan 2019	2,50331/-
2	REMOTE COMPUTING TECHNOLOGIES Bangalore	March 2022	2,12879/-
Total Amount Utilized			4,63210/-

## 2. Industry Visit / field Visit

### a) Field Visit at V. R. Jamdar Siemens Center of Excellence at VNIT Nagpur

The Computer Science and Engineering Department had organized a field visit to V. R. Jamdar Siemens Center of Excellence on 23rd January 2024 at 11.00 AM at VNIT Nagpur for 58 Third year Computer Engineering students have attended the same.

The Field visit journey started at 05.00 AM in morning from Shri Sant Gajanan Maharaj College of Engineering Campus Shegaon by College bus. We reached at V. R. Jamdar Siemens Center of Excellence at 10.45 AM where Dr. Shital Chiddarwar, Program Director welcomed us and guided for the visit execution. The Center is equipped with state-of-the-art laboratories and research facilities catering to various engineering disciplines.

The V. R. Jamdar Siemens Center of Excellence (VRJSCOE), established in 2020 at Visvesvaraya National Institute of Technology, Nagpur, operates with a primary focus on creating a robust technical education eco-system through its experience in industrial products and services. The CoE established in collaboration with Siemens and 3D Engineering Automation LLP is equipped with software and hardware necessary for Industry 4.0 and Digitalization. The infrastructure is spanned over 11 state of the art laboratories.

The infrastructure is modern and well-maintained, providing a conducive environment for research and innovation. Engaging activities and demonstrations were conducted, showcasing the practical applications of theoretical concepts. The collaborative atmosphere among students and faculty members was evident, promoting interdisciplinary learning and knowledge exchange. During the visit, prominent facilities such as the Smart Factory Lab, Robotics Lab, Process Instrumentation Lab, and Reverse Engineering Lab were observed, highlighting the diverse array of technological advancements available at VNIT V. R. Jamdar Siemens Center of Excellence.

Digital poster of visit

Following are the V. R. Jamdar Siemens Center of Excellence laboratories visited by all the students & staff of SSGMCE,Shegaon.

S. N.	Name of Laboratory	Machines and equipment at VRJSCOE	Professional Software Suits at VRJSCOE
1	Production design & validation lab	IntegratedSystem with Smart Manufacturing	Siemens NX, FeMap Teamcenter, Fibersim, Mastertrim, Syncrofit, Solidedge
2	Test & Optimization lab/SIEMENS PLM	SCADAS SCM Mobile, SCM-V8-E, SCM Slot frame, Triaxial PCB Prepol Mic, Impulse hammer, Miniature shaker kit, ICP Force sensor, Motor assembly, Airplane scaled model, Lasertech kit	Simcenter Test Lab, Simcenter Simcente Amesim, Academic Bundle Imagine.Lab ( Heavy equipment) Virtual.Lab (Aerospace) 3D
3	Advanced Manufacturing Lab	IntegratedSystem with Smart Manufacturing	Technomatix (JACK,Robcad, Plant Simulation, Process Stimulation),Preactor, Opcenter APS.
4	Reverse Engineering Lab	Carl Zeiss 3D Scanner and Calibration plate(CP_P_300_1320)	Colin3D Software GOM Inspect 2019 Software, ZeissReverse Engineering Software
5	Internet of Things (IOT) Lab	Siemens IPC Nano Box	Siemens IIoT Mind Sphere Software buildon Mendix Application platform.
6	Automation Lab	S7 1200 PLC with HMI (6 Kits Package), S71500 PLC with HMI (1 kit Package)	Totally Integrated Automation Portal SIMATIC Manager V15.1
7	Mechatronics Lab	SIMATIC S7-1200 PLC , Modular Automation Production System (MAPS 6S2)	Totally Integrated Automation Portal V16
8	Process Instrumentation Lab	SIMATIC PCS 7 Training Kits, SIMATICSProcess Instrument Racks with PressureSensors, Temperature Sensor, Level Sensors (RADAR, Ultrasonic & Capacitive),Flow Sensors (Electro-magnetic, CoriolisMass flow, Ultrasonic) & Electro-pneumatic Valve Positioner	Process Control System 7 V8.2
9	Smart Factory Lab	Maxturn Plus with Siemens 828D ,MaxMill Plus+ 3 Axes with Siemens 828D, Tooling package, AR-900 robots for Loading and Unloading, Automated Guided Vehicle (AGV), Automated Storage and Retrieval System (ASRS) with RFID and RFID Tracker, KUKA iiwa LBR Cobot for Assembly	Sinumerik Simulation Software, Digital Twin, KUKA Sunrise Workbench, TouchFinder, CIM
10	CNC Lab	CNC Vertical Machining Center – 5 Axeswith Siemens 840D Controller	Sinumerik Simulation Software
11	Robotics Lab	Robotic Spot Welding Cell Robotic Pulse MIG Welding Cell Tool Set for Standard and Safety	RobCAD, ABB Robot Studio

### Departmental best practices under Industry Institute Interactions: Professor of Practice

The Industry and Academia together can make a revolutionary transformation in student's life in terms of skill developments, project-based learning opportunities and maintaining pace with the technological revolutions.

The department of Computer science and engineering started the Professor of practice from 2023-2024 , in this practice Industry expert Mr. Yogesh Murumkar CEO, Bharat Soft Technologies, Pune started the session on Big Data analytics for third year students. This Big Data Analytics is part of academic Syllabus which can be taught by industry expert through their experiences.

5) Guest Lectures (Tech Talks/Rare Share etc.) from Industry person/s.

## **Department of Electronics and Telecommunication**

Department of Electronics and Telecommunication recently received a generous donation of 10 IoT / Machine learning kits from EDGE Impulse Italy Arduino.SRL. The kits include hardware components, and documentation necessary for IOT development.

Kits include following hardware components:

1. Arduino NANO 33 BLE Sense board
2. 1OV7675 Camera
3. Arduino Tiny Machine Learning Shield
4. USB A to Micro USB Cable

**Photograph of complete kit showing components**

Students from various discipline such as Electronics and Telecommunication Engineering ,CSE,IT,MECH & ELPO will benefit from hands-on experience in designing and programming IoT devices, enriching their educational journey.

Using these kit students will be able to build small intelligent device that reacts to sounds like a keyword being spoken, recognizes gestures like waving a magic wand, or even recognize faces. Incorporating IoT kits to build mini projects to provide students with practical experience in IoT technology.

Organizing workshops and training sessions to familiarize students with the use of IoT kits, covering topics such as hardware assembly, sensor integration, and programming.

The acquisition of donated IoT kits from Arduino SRL represents a significant opportunity for our institution to enhance education and strengthen ties with industry partners. We are grateful for the generosity of Arduino SRL and look forward to maximizing the benefits of this collaboration.

## Industry sponsored Equipment

Our Instrumentation and sensor laboratory recently received a generous gift of Guided Wave Radar Level Transmitter with Accessories from Abhivrudh Solutions LLP, Navi Mumbai marking a significant milestone in our research endeavors. The inauguration of our laboratory on 30/06/2022 and the equipment donation ceremony were graced by distinguished guests, including representatives from Abhivrudh Solutions LLP, Navi Mumbai Mr.Suresh Shivanandan ,Mr.Ashish Banerjee and Mr.Yogesh Pokharkar.

The event featured demonstrations of the donated equipment, and networking opportunities for researchers, faculties, and students. It served as a platform to celebrate the collaboration between academia and industry and underscored the shared commitment to advancing scientific knowledge and innovation.

## Equipment Overview:

The donated equipment Levelflex FMP51 for level measurement even under extreme process conditions like high temperature and high pressure in the process industry. FMP51 offers maximum reliability even in case of moved surface and foam or when numerous tank baffles interfere with the measurement. Levelflex FMP51 is used for continuous level measurement of liquids, pastes and slurries but also for interface measurement. The measurement is not affected by changing media, temperature changes, gas blankets or vapors.

## Benefits and Impact:

The donated equipment enables our Second year student's of ENTC to conduct advanced experiments and analyses, leading to more comprehensive and accurate results.

## Conclusion:

The inauguration of our laboratory and the donation of cutting-edge equipment by Abhivrudh Solutions LLP mark the beginning of a fruitful collaboration that holds great promise for scientific

advancement and societal impact. We are deeply grateful for their generosity and look forward to harnessing the full potential of this partnership to push the boundaries of knowledge and innovation.

## Industrial Trainings:

1. Department of Electrical Engineering, Shri Sant Gajanan Maharaj College of Engineering, Shegaon, had organized Student Development Program on “NI LabVIEW Graphical System Design” during 27<sup>th</sup> & 28<sup>th</sup> March 2024. The resource person for the program was Mr. Prashanth Ekambe, Application Engineer, Mew Technology, and Bangalore. The program was sponsored Digiana Electrotech, Pune.

Glimpses during Industrial Training

2. One week training of third year Electrical Engineering at Tata Power Skill Development Institute (TPSDI), Shahad during 11<sup>th</sup> & 16<sup>th</sup> December 2023.

3. Third year Electrical Engineering along with faculty member attended one week training at Adani Dahanu Technical Training Centre, ADTPS during 19<sup>th</sup> & 24<sup>th</sup> June 2023.

**Photographs during the Industrial Training**

**Photographs during the Industrial Training**

4. Third Year Electrical Engineering students undergoing training at Set On Site Electrical Pvt. Ltd., Aurangabad during 14<sup>th</sup> June to 20<sup>th</sup> June 2019.

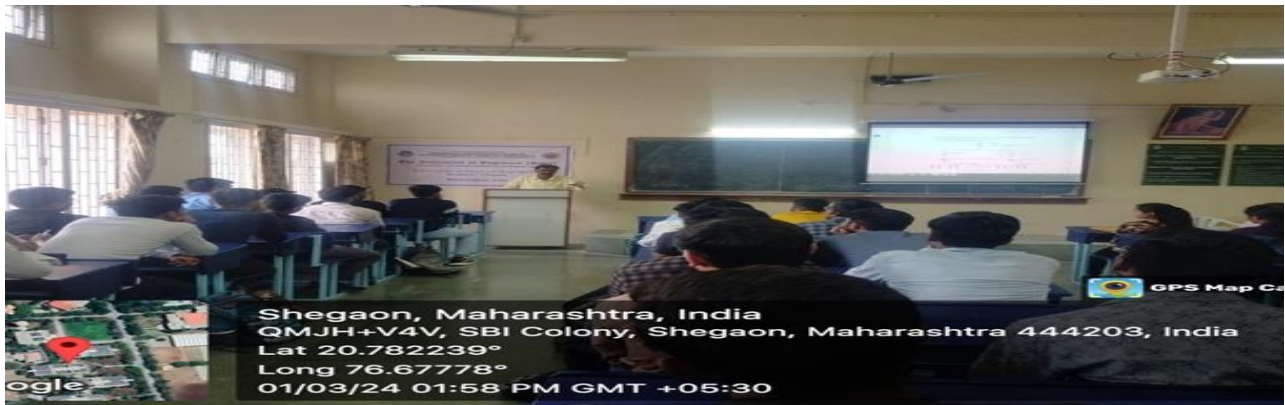

**Photograph during the Industrial Training**

## Workshops:

1. Department of Electrical Engineering had organized One-Day Workshop on “Electrical Distribution System” for Third Year Electrical Engg. Students on 1<sup>st</sup> March 2024 the resource person was Mr. Chandrakant Thakkar (Additional Executive Engineer, MSETCL, Akola)

Photographs during the Workshop

2. Department of Electrical Engineering had organized One-Week Workshop on “PLC and Industrial Automation” for third year Electrical Engineering students during 25<sup>th</sup> September to 2<sup>nd</sup> October 2023 the resource person was Prolific Systems & Technologies Pvt. Ltd., Nagpur

Photographs during the Workshop

3. Department of Electrical Engineering had organized Five Days Workshop on “AutoCAD-Electrical” for third year Electrical Engineering students during 14<sup>th</sup> to 18<sup>th</sup> September 2023 the resource person was Mr. Shantanu Deshmukh (Energy and Electrical Consultant)

Photographs during the Workshop

4. Department of Electrical Engineering had organized Five Days Workshop on “Industrial Approach in Electronics” for second year Electrical Engineering students during 14<sup>th</sup> to 18<sup>th</sup> September 2023 the resource person was Mr. Sanjay Chaudhari, Director, Electronics Study Centre, Nashik

**Photographs during the Workshop**

5. Department of Electrical Engineering had organized Two Days Workshop on “Operation and Control of Power System” for final year Electrical Engineering students during 3<sup>rd</sup> & 4<sup>th</sup> August 2023 the resource person was Mr. Anil Patil (Retired Executive Engineer, MSEDCL, Nagpur)

**Photographs during inauguration of the Workshop**

6. Department of Electrical Engineering had organized Two Days Workshop on “Power Distribution, Automation and SCADA System” for third year Electrical Engineering students during 21<sup>st</sup> & 22<sup>nd</sup> February 2023 the resource person was Mr. Anil Patil (Retired Executive Engineer, MSEDCL, Nagpur)

**Photographs during felicitation of Guest during the Workshop**

7. Department of Electrical Engineering had organized One week Workshop on “Python Programming for Electrical Engineering” for third year Electrical Engineering students during 1<sup>st</sup> & 5<sup>th</sup> February, 2023 the resource person was Mr. Mithilesh Joshi (Associate Software Engineer, Accenture India)

**Photographs during the Workshop**

8. Department of Electrical Engineering had organized Two Days Workshop on “Transformer Fundamentals & Testing” for second year Electrical Engineering students during 6<sup>th</sup> & 17<sup>th</sup> December, 2022 the resource person was Mr. Sunil Sardey (Former Executive Engineer, MSETCL, Nagpur)

**Photographs during the Workshop**

9. Department of Electrical Engineering had organized One-Day Workshop on “Intellectual Property Rights” for staff members on 28<sup>th</sup> January 2022 the resource person was Mr. Sahastrarashmi Pund, Head, Innovation and IPR Endurance Technologies Pvt. Ltd., Aurangabad

**Shri Sant Gajanan Maharaj College of Engineering  
Shegaon - 444203 Dist. Buldhana (M.S.)**  
 The Research and Development Cell is organising  
 a one day workshop on,  
**Intellectual Property Rights: Idea Generation  
to Leveraging Commercially.**

**Resource Person :**  
**Mr Sahastrarashmi Pund,**  
 Head Innovation and IPR Endurance  
 Technologies Pvt Ltd Aurangabad

Date : 28th Jan, Friday  
 Time : 11 Am - 04 PM  
 venue : New Seminar Hall

**Dr S.S. Jadhao**

6	Objective of Activity	1. To bridge the gap between Industry & Institute. 2. To provide the platform for the prominent technocrat to exchange their ideas. 3. To explore the placements, skill development and internship opportunities for the students. 4. To create center of excellence at SSGMCE for joint R&D activities. 5. To enhance technology upgradation through sharing available resources at SSGMCE / Industry. 6. To showcase our students project and innovative ideas.
7	Venue	<b>New Auditorium, SSGMCE</b>
8	No. of Industry Participants	Total- <b>49</b>

### **About Program:**

A long-term and sustainable collaboration that would be mutually beneficial both for the industry and academic institution is the need of the hour. To meet this objective SSGMCE is organizing Industry-Institute Meet on 8<sup>th</sup> & 9<sup>th</sup> Feb. 2020 to enable it's a students to interact with Industry Personnel and equip themselves with essentials skills required for Industry readiness.

The Meet will also focus on developing industry-institute linkages between SSGMCE & Interested Industry Partners.

The Industry-Institute Interaction would accrue mutual benefits when a symbiotic relationship is developed between the two systems. The ultimate aim of this relationship will be the creation of confidence in industry by the Institute which would result industries involving voluntarily the Institute at various stages of its development.

The development of such symbiotic relationship requires, firstly, careful understanding of the industry needs such as relevant R&D, cost effectiveness, time bound programmes, technology upgradation etc. by the Institute and, in turn, understanding the capabilities and limitations of the institute by the Industry. Recognising the above, following thrust areas have been identified which require immediate attention :

- Reorientation of curriculum
- Exchange of Experts between the Institute and Industry
- Involvement of Teaching Staff in Industry

- Institute to gain Confidence of Industry
- Institute as a Consultant in R&D
  
- Technological Database
- Continuing Education Programme
- Establishment of Linkages
- Institute's Self-Reliance in Finances

#### **IIM 2020 Outcomes:**

1. Students, Faculties, Researchers and Industry Personnels received an Opportunity to interact with each other.
2. Every stake holder has got a learning experience through this meet.
3. It will enhance the employability for the students.
4. Interactive sessions allows the students and the faculties to enhance their interpersonal skills.
5. Institute and Researchers will get helping hand from the industry on R&D activities.

#### **Glimpse:**

**Registration Desk**

**Inaugural Session**

**Interactive Sessions**

## Key takeaways for Industries

- Opportunity to hire skilled manpower ready to serve the industry
- Develop better employment ecosystem which is mutually beneficial to the institute and industry
- Interaction with prominent delegates from academics and industries in round-table B to B interaction
- Innovative ideas of students for start-ups and business development
- Opportunity to develop joint expertise

## 2<sup>nd</sup> Industry Institute Meet 2020 (IIM-2020)

8<sup>th</sup> & 9<sup>th</sup> February 2020

Organized By  
Shri Sant Gajanan Maharaj  
College of Engg., Shegaon,  
Dist: Buldhana (M.S.)

Venue  
SSGMCE, Shegaon

## About SSGMCE

Shri Sant Gajanan Maharaj College of Engineering, Shegaon (SSGMCE), one of the premier institutes in the field of engineering, was established in 1983. SSGMCE has the recognition of being the re-accredited institute by NAAC, Bangalore and the courses are also accredited by NBA (4-5 times), AICTE, New Delhi. SSGMCE is honored with Dewang Mehta National EDUCATION LEADERSHIP AWARD – 2015 & 2016, CII-GRATITUDE AWARD, Nov. 2016 and honored as Management College of the Year 2016 by Higher Education Review Magazine, Nov. 2016. Career360 Magazine, April 2017 ranked the institute as “AAA”,

Since 2007, we have filed 25 plus patents and 3 patents are granted by Govt. of India. Over three decades, it has successfully nurtured young Indians in engineering and managerial professionals for the betterment of society and humanity as a whole. It is

It is well known for its visionary management, dedicated and devoted faculty, state of the art infrastructure and discipline. It is also known for the overall development of the students' personality with a distinct value based spiritual environment.

The Institute offers 5 Undergraduate engineering courses and 5 Postgraduate (4 Engineering and 1 Management) courses. All the laboratories have been recognized as centers for Ph.D programme.

Due to globalization, technology is changing rapidly and to cope up with the rapid changes, SSGMCE has its own dedicated Research Center which has the state of the art setups for carrying out research of social and industrial relevance.

SSGMCE runs various skill development programs for making the students employable.

Sub: Invitation for 2<sup>nd</sup> Industry Institute Meet-'20.

Dear Industry Captains,

Greetings from SSGMCE, Shegaon!

We, on behalf of Shri Sant Gajanan Maharaj College of Engineering Shegaon, take pleasure in inviting you to our institution for the Industry-Institute Meet 2020 (IIM-'20).

We would like to interact and experience partnership opportunities with industry in diverse spectrum in the mutual interest of strengthening industry perspective of our academics and industry outreach to institution.

We are organizing this Meet on 8<sup>th</sup> & 9<sup>th</sup> February 2020 and expect an august gathering of Industry Leaders. We look forward to have your esteemed presence at IIM-'20.

With warmth and regards,

  
Principal

**Shri Sant Gajanan Maharaj College of Engineering, Shegaon**  
**Industry Institute Meet-2020 (IIM-2020)**  
(8<sup>th</sup> & 9<sup>th</sup> February, 2020)

**Day 1: Saturday, 8<sup>th</sup> February, 2020**

SN	Activity	Time	Venue
1	Registration, Snacks & High Tea	8:30 to 9:30 am	New Auditorium
2	Aarati, Inauguration, College Documentary, MOU Exchange if any.	9:30 to 10:00 am	
3	Brief Review of IIM 2019	10:00 to 10:05 am	
4	Introduction of Industry officials to audience	10:05 to 10:50 am	
5	Panel discussion (Clearing students industry related cobwebs & sustenance of engineers in industry)	11:00 to 12:30 pm	
6	SGIARC presentation, Round-table B to B informal interactions among industry captains	11:00 to 12:30 pm	SGIARC
7	Lunch	12:30 to 2:00 pm	New Seminar Hall Basement
8	Department visit, Presentation, Discussion, Central Visit	2:00 to 4:00 pm	Respective Departments
9	High Tea	4:00 to 4:30 pm	Near Library (Lawn)
10	Entrepreneurship funding and counseling.	4:30 to 5:30 pm	New Seminar Hall (For Entrepreneurship-Aspiring students)
11	Visit to Temple, central kitchen of Temple	4:30 to 6:00 pm	--
12	Dinner and Informal Interactions	7:30 to 8:30 pm	New Seminar Hall Basement

**Day 2: Sunday, 9<sup>th</sup> February, 2020**

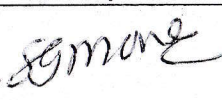

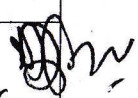

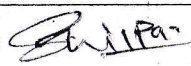

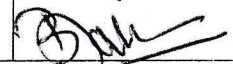

SN	Activity	Time	Venue
1	Snacks & High Tea	9:30 to 10:00 am	SGIARC
2	Interaction with students	10:00 to 12:00 Noon	Respective Departments
3	Lunch	12:15 to 1:15 pm	New Seminar Hall Basement
