ABOUT US:

Established in 1983, SSGMCE has successfully nurtured young Indians in engineering and managerial professionals for the betterment of society and humanity as a whole. It has its own Vision and Mission to steer the institute to become one of the best institutes in the region. It is a matter of great satisfaction and pride that amidst poor scenario of admission to engineering streams, our college stands distinct by securing 100% admissions to B.E; Direct Second Year & Management courses for the session 2019-2020. The institute has 82 acres of lush green campus with state of the art infrastructure.

VISION:

To impart world-class Engineering and Management education in an environment of spiritual foundation to serve the global society.

MISSION:

- To develop excellent learning center through continuous design and up gradation of courses in closed interaction with R&D centers, Industries and Academia.
- To produce competent, entrepreneurial and committed Technical and managerial human, with Spiritual foundation to serve the society.
- To develop state-of-the-art infrastructure, centers of excellence and to pursue research of global and local relevance.
- To strive for 'Sarve Bhanvantu Sukhinah' - the ideal of our parent organization Shri Gajanan Maharaj sansthan, Shegaon through symbiosis of Science and Spirituality.

DEPARTMENT OF MECHANICAL ENGINEERING RECEIVES AICTE GRANT:

Under Ministry of Human Resource Development – MHRD, the governing body for Higher Technical Education- All India Council for Technical Education-AICTE provides grants to Engineering Colleges & Universities for upgradation of Laboratories through Modernization and Removal Obsolescence (MODROB) Scheme. AICTE invites project proposals from colleges & Universities and based on selection of project, MHRD releases Financial Grants.

Under the guidance of Dr. S. P Trikal, Head, Mechanical Engineering, the department had submitted the proposal of sixteen lakhs to AICTE, New Delhi and received the grant of Rs. Fourteen lakhs eighty-nine thousand for Modernization of Internal Combustion Engine Lab and Automobile Lab. This grant will be utilized to set up a new lab which will benefit student community at large. They will understand the function of internal combustion engine. This facility will promote their experimental skills and broaden their knowledge and depth in the subject.

ELECTRICAL ENGINEERING DEPT ORGANISES AICTE SPONSORED STTP

Department of Electrical Engineering received a grant of two lakhs eighty-five thousand from All India Council for Technical Education (AICTE), New Delhi under AQIS scheme to conduct a series of online Short-Term Training Program (STTP) for faculty & research scholars of various institutes and organisations. The topic of STTP was Software Utility for Teaching and Research in Electrical Engineering.

The STTP was designed to enhance the teaching, computing and analysing skills of the faculties and Research Scholars. It was also helpful for the research scholars to be informed about new technologies and to make them aware about modern teaching tools and methodologies. It provided an opportunity to acquire knowledge about current technological developments in relevant fields. It promoted the professional practices relevant to technical education. The faculty members are largely benefited by the STTP in sense of modern technology and software that can be used not only for effective teaching but also for research.

The STTP was scheduled in three phases as per directions from AICTE. Around 80 faculty members and research scholars from various institutes participated in the STTP. E-Certificates were distributed to the participants by AICTE. The organising department received the appreciation from the participants for its content. Dr. S. S. Jadhao along with the faculty members of the department worked under the guidance of Dr. S. R. Paraskar, Head, Electrical Engineering for the successful completion of STTP.

CSE DEPT ORGANISES AICTE SPONSORED STTP

Department of Computer Science and Engineering conducted STTP on Machine Learning and its applications in data analytics in three phases. Around 80 faculty members and research scholars actively participated in the STTP. The department received the grant of Rs. 3,61,667/- from AICTE.

The objectives of the STTP were to enrich the participants with fundamentals of Machine Learning and programming concepts using MATLAB, Python and R Language, to demonstrate recent trends in Machine Learning, to implement various algorithms and techniques of Machine Learning and to learn algorithm development, data visualization, data analysis, and numeric computation using Machine Learning Tools to solve engineering and scientific real-life problems.

EXTC DEPARTMENT HOLDS AICTE SPONSORED FIVE DAY FDP ON INTERNET OF THINGS

A five-day online Faculty Development Programme on Internet of Things was successfully organised at Shri Sant Gajanan Maharaj College of Engineering, Shegaon in October 2020. The FDP was scheduled from 9th October 2020 to 13th October 2020 through online mode.

The FDP was sponsored by the AICTE Training and Learning (ATAL) Academy initiative of All-India Council for Technical Education (AICTE).

A total number of 200 participants including faculty members from various colleges across the country, Ph.D and PG research scholars and industry persons from about 95 different institutions of 20 states of the country participated in the FDP.

In this program renowned resource persons from Tata Institute of Fundamental Research (TIFR), Mumbai, Central Electronics Engineering Research Institute (CEERI), Pilani, Centre for Development of Advanced Computing (CDAC), Hyderabad, Indian Space Research Organization, Ahmadabad, Jain Irrigation Systems Ltd, Jalgaon and experts from SSGMCE, Shegaon delivered lectures on recent advancements in IoT for agriculture applications.

SSGMCE ORGANISES FDP BY MAJOR GEN. NEERAJ BALI (RETD)

A Faculty Development Program (FDP) was conducted for selected faculty of Shri Sant Gajanan Maharaj College of Engineering, Shegaon from 19th to 23rd Oct 20. The program was held online and was conducted by Maj Gen Neeraj Bali (Retd), Founder and CEO of Leadscape Advisors. A total of 31 members of the faculty participated in the FDP.

The FDP was called the Scholar-Leader Program. The program was designed in close consultation with Dr. Sunil Somani, Principal, Shri Sant Gajanan Maharaj College of Engineering. The objective of the FDP was to focus entirely on practical issues of leadership, conduct and personal growth that would help the faculty upgrade their skills and orientation, thus helping Shri Sant Gajanan Maharaj College of Engineering move towards its goal of becoming the premier and most admired institution in its class, and eventually, a name associated with a world-class education in engineering. The FDP was designed for maximum interaction, beginning even before the program started.

This FDP is scheduled for the remaining faculty members in two phases (28-30 Jan. 2021 & 1-3feb. 2021)

THREE IT STUDENTS RECEIVE INTERNATIONAL INTERNSHIP

Three students from the Department of Information Technology have bagged a six month long paid Internship with Onesmarter Inc., USA. The students include Ms. Aishwarya Vyawhare and Mr. Sanket Vakil of Final Year IT and Mr. Kartik Chauhan from Third Year IT. The opportunity was provided to the students by Dr. Vikram Sethi, President, OneSmarter Inc., USA and Director at Institute of Défense Studies, Wright State University, Dayton, Ohio, USA. He personally selected the students for internship through technical Interview and assignments. This internship will not only benefit the students for their personal Technical growth but will also provide them with a global platform to explore the work culture abroad and learn from the leads in the field. This opportunity was brought to us by our prestigious alumnus Mr. Mangesh Wankhade, MD, WAPARKING, Pune. In addition to this, 19 students have also been selected to work on this light house project by OneSmarter Inc.
